PILLEY'S GARDENS

Visitors Welcome

GREETINGS FOR 1966

With this our tenth catalog we send our greetings for 1966. We wish to thank all of our many friends and customers who again made last year one of our best. We believe our collection of iris to be among the finest available. We hope some of these are on your "must have" list. We will be on the Region 15 garden tour May 7th. Have a number of guest iris plus sixty five 1965 introductions to bloom this year. A number are already showing bloom stalks so should have a good showing of bloom by the last of April (weather permitting). Hope all of you will come visit us at bloomingtime. Valley Center is north of San Diego and about 9 miles north-east of Escondido. We are located on Woods Valley Road, only 8 tenths of a mile east of the Valley Center post office. The garden is open only in the spring at blooming time. A special thanks to you for recommending us to others, and for the fine letters and cards in appreciation of the fine quality of our iris rhizomes and daylily divisions. We wish we had the time to answer each one. We hope it will be possible to serve you again this year.

THE PILLEY'S

NOTE OUR LOW PRICES--On most varieties, where stock permits, our prices are 1/3 to 1/2 or a lot more below most retail prices. Please check our prices first as I'm sure you will find them as low or lower than most discount prices. Be sure and check the bargain pages.

EARLY ORDER BONUS

(In addition to your regular extras)

Must be postmarked not later than June 1, 1966.

ON CATALOG ORDERS ONLY OF \$7.50 or more you may select one of these--BRIGHT WORLD, DARK SPRINGTIME, DUKE OF BURGUNDY, REAL DELIGHT, SYLVAN STREAM, WEDGEWOOD HAVEN.

If your order is \$18.50 or more select another from--BROADMEADOW, CLARAMINO, HOPE JEWEL, LA PALOMA, LEATHER LACE, LE BEAU, PINWHEEL.

PLEASE READ BEFORE ORDERING

TERMS--Cash with order. Please remit with postal or express money order or personal check. No stamps or C. O. D. orders accepted. California residents add 4% sales tax.

POSTAGE is prepaid on all U.S.A. orders over \$5.00; if under, please add \$.50 toward packing and shipping.

GUARANTEE--State inspected stock, freshly dug, large, first quality plants, clean, healthy and labeled true to name. If for any reason our plants do not meet with your approval, return them at once and we will replace or refund money -- our option. We are not responsible for winter kill.

SHIPPING--Daylilies can be shipped any time your weather permits planting; best planting time is early spring and fall. Iris will start in June; best planting time is early for the colder states. Hot dry states as parts of Texas and Arizona is fall. Our plants are hardy anywhere in the United States and Canada where iris and daylilies are grown with success.

EXTRAS OR SUBSTITUTES--In case of shortage of some varieties at these low prices, we would appreciate your listing a few substitute plants. If stock permits, your extra gift plant will be chosen from this list. In this way, we are sure we are sending a gift with which you will be pleased. Let us know if you do not want substitution, and we will refund.

WHOLESALE--Iris and Daylilies, to authorized dealers and garden clubs.

TALL BEARDED IRISES

*Denotes Arilbreds

If you want lots of spring color, plant bearded iris. They are both easy to plant and to grow, but they have to have both sun and good drainage to grow well. To plant rhizome, spread out roots and cover rhizome with a thin layer of soil. Go easy on fertilizer - bone meal is good to use and is safe; a small handful per plant worked in before planting or as a side dressing.

PILLEY'S GARDENS

DAYLILIES

(Hemerocallis)

Daylilies are fast becoming the most popular garden perennial. They will thrive almost anywhere, in almost any soil, full sun or part shade. They bloom from spring until frost, even in hot summer months when so few flowers bloom well. So plant some this year and we are sure you won't be disappointed. Plant the crown (where the leaves join the root) about one inch under the ground, being careful to spread the roots out. Plant about two feet apart, in well worked soil, that has a complete fertilizer or well-rotted manure added several weeks before planting. Do not judge a daylily by its first year bloom as two years or more are needed to show both flowers and colors at their best. They are permanent plants and will not need to be divided for 10 years or more.

De - denotes foliage deciduous; Ev. - evergreen; E - early; M - mid-season; L. - late; Re. - reblooms; OE. - open evenings.
