## COLLECTIONS

When the selection of varieties is left in my hands, I ~~am able~~ to give increased value, and for those who are commencing an Iris garden, the following collections are ideal and offer wonderful value.

### SPECIAL EXHIBITORS' COLLECTION.

12 of the most outstanding modern Irises in existence. These varieties create a sensation wherever grown. Huge flowers and a wonderful range of colours.

1 of each, 12 in all, wonderful value for £ 2/-/-, post free.

### SPECIAL GARDEN COLLECTION.

12 of the very best of the standard varieties in a wide range of colours. All strong, hardy varieties, with large flowers.

1 of each, 12 in all, for £ 1/-/-, post free.

### BRIEF CULTURAL NOTES FOR IRISES.

Irises are the easiest of all plants to grow to perfection, and require very little attention.

Plant in a sunny, well drained situation in soil that has been given a liberal dressing of lime.

Plant firmly, with the top of the rhizome showing above the soil.

Irises may be transplanted from December to May.

Super-phosphates may be applied just before flowering time.

DELIVERY OF IRISES FROM DECEMBER 1955.

NOTES.

Lupin Collection, 20 - to 30 - per doz.  
Mailed - February to March
