Greetings 1975

Once again it is time for our Iris Catalog. Your letters in '74 were very much enjoyed. It's cheering to know customers are pleased with plants and service -- we want to continue to consider your wants on an individual basis.

To our regular customers, thanks for your orders. We hope to be hearing from you again -- and please get your orders in early. To our new customers - Welcome!

Most all serious Iris fanciers like to add something new to their garden each year. May we suggest Section I? You will find some 345 varieties listed. In Sections II and III a total of 160 varieties are available. Selfs, bi-tones, plicatas, amoenas -- truly the Iris is a flower of a multitude of shadings and colorings.

Come visit the gardens. See map inside back cover for location. Peak bloom is generally around May 20th. We have added another garden this year. We have guests from Halls Flower Farm - Hooker Nichols Garden - Schmelzers Iris Garden - and others for you to see and enjoy.

By discounting the prices we hope we have made it easier for you in ordering. We are following the same practice in pricing as previous years. The new section (#I) are discounted anywhere from 1/2 to 1/3 list price or more - (1975 retail Iris prices). In section II values to \$15.00, section III values to \$9.00.

Extra Iris included in every order. It is our way of thanking you for dealing with us. What we can give as extra is limited by amount of stock on hand. However we do not want to give you some you already have. So do include a hint list. We'll use this as a guide if at all possible. Should you order from sec. I suggest from sec. I, in ordering from sec. II and III same please.

We will not substitute unless you are willing. Will refund on varieties sold out.

Feel free to write us if you are not satisfied when plants arrive. Should plants fail to grow - notify us by November 1st.

See inside back cover for terms and shipping.

May you find great beauty in your own gardens in '75.

Your patronage appreciated -- Your friendship valued.

Sincerely,

Charles and Margurete Baldwin
