LA CRESTA GARDENS 1979

As we begin another year at LaCresta Gardens, we look forward to bloom season with great anticipation--the magnificent display of bloom, the shows, the opportunity to create something new in our own hybridizing program and above all the sharing of our garden with friends. As we look back on the past year, the many cards and letters of appreciation, the new friends we've made and the old friendships we've enhanced; we are fully aware that our success would not have been possible without you, our valued customers and friends. To you we extend our warmest and most sincere "thank you". We look forward to your visits to LaCresta Gardens during bloom season again this year (medians are on display in early April and the TBs reach their peak towards the end of April on into the first of May). Please stop by anytime; however, a call or note beforehand can assure you that we will be here.

We take pride in the management of our iris garden and our reputation for honesty and dependability. This year's catalog has been re-designed and improved to facilitate your ordering. You will find a carefully selected, up-to-date collection of tall bearded and median irises to choose from at very competitive prices: a result of the high quality and extra vigor of our stock. Our plants are cared for exquisitely--they can't help but perform for you once in your garden! We feel that quantity does not often parallel quality; we have not over-extended ourselves--the key to exceptional organization and management. We can handle what we grow comfortably without having to rush through shipping season frantically trying to meet deadlines; and therefore, you may be assured that your order will receive our full and undivided personal attention.

We wish you a bountiful bloom season!

*Congratulations
on your recent
Show winniness!

ON ORDERING

TERMS: Please enclose check or money order payable to LaCresta Gardens. All orders are acknowledged immediately. Shipment begins the first of July and continues through August. Only surprise package orders will be booked after August 1, and they will be accepted until replanting is complete (the end of August?).

DISCOUNT: 10% off any iris order of \$30.00 or more except surprise packages. Club orders are encouraged.

EXTRAS: Our extra policy is very generous. Although we must choose extras as our stock permits, hints are welcome as we aim to please! Use the back of the order blank for suggestions.

SUBSTITUTIONS: None without permission! A few of the newer varieties are in limited quantities so please order early. Immediate refunds will be issued on sold out varieties in the general listing of both the tall bearded and the medians. Please list alternates when ordering from the bargain sections; extras will be chosen from the alternates listed when available.

GUARANTEE: All our rhizomes are freshly dug the day prior to shipment, vigorous, healthy, and true to name. If you are dissatisfied for any reason, please let us know immediately. Of course we cannot be responsible for your growing conditions, but if you happen to have a problem, let us know as soon as possible and we will replace, if stock permits. Your satisfaction is our first concern; we take pride in our reputation!

SHIPPING: UPS unless you request otherwise. Despite rising costs we are holding the line on regular UPS shipping at \$1.50. Please include your street address as UPS does not deliver to post office boxes. If you prefer Blue Label (UPS air service), please add \$3.25; parcel post service is \$3.00. Of course, there is no shipping or handling charge for local orders picked up at the garden.

CANADIAN & FOREIGN ORDERS: Gladly accepted! Documentation fee and exact air shipment expenses will be billed at time of shipment.

SLIDE PROGRAMS: We have many slides of newer tall bearded and median irises which are available for group presentations for the cost of insured postage both ways. Please reserve early!

AMERICAN IRIS SOCIETY: If you are joining the AIS for the first time, you may send your check payable to the American Iris Society for \$7.50 (annual membership) or for \$18.75 (triennial membership) with your order and we will include an additional iris with a list price of at least \$15.00.

??? SURPRISE PACKAGES ???

As a result of the excellent "iris weather" we've had this past winter, a fixed growing area, and optimum increase, we will be forced to limit the number of rhizomes we replant from our present supply. We would like to share this surplus with you, so this year we are offering surprise packages. Shipment will follow that of the regular orders, (none shipped before August 1), and will total a minimum of 5 times the LIST price. Please send us any amount in increments of \$5.00 with a minimum of \$15.00 and you will be pleasantly surprised!

TALL BEARDED BARGAINS

This group includes irises with a list price of up to \$10.00. They are an excellent value at \$1.50 each, 7 for \$9.75 and 15 for \$19.75. Although we feel that we have sufficient stock of each of these varieties, we ask you to list a few alternates as in the past, this section has had the tendency to sell out early. We will include the alternates lists as extras when available.

DWARFS & MEDIANS

The bearded iris season begins with the miniature dwarfs followed by the standard dwarfs, the intermediates, and, finally the borders which bloom with the tall. The newer varieties are priced individually, the bargain sections are priced at \$1.00 each, 7 for \$6.25, and 15 for \$12.25. Dwarf and median irises from the different sections may be combined in your order to take advantage of the savings. Please list alternates when selecting irises from the bargain sections and we will include these as extras when available.

MINIATURE DWARF BEARDED (MDB)

These are the first to bloom, usually about a month before the tall, stand no higher than 8" (20 cm) tall.
