1981 Introductions

Captured Spirit (Nichols '81) SDB 12" Seedling #7825F Seldom does an iris hybridizer create such a sensational new variety. This new little jewel captures the true spirit of the standard dwarf bearded iris of the 1980s. The slightly open ruffled standards are white delicately suffused yellow (creamy) and the broad ruffled falls are white with a faint violet glow when first opening. The flowers are further accented with lavender and orange beards. There are yellow eye lash markings on each haft but these are not haft markings. Fertile both ways and producing outstanding seedlings. Sib to Recollections and Maxine Bartlett. This iris won an exhibition certificate at the 1980 Sooner State Early Iris Show. We held off introducing this variety until we had a plentiful supply.\$20.00.

Manhattan Blues (Nichols '81) SDB 14" Seedling #7628A This beauty is for those among you who like the very tailored median iris. Opening as a very dark oily blue self, this one soon fades to a beautiful shade of near denim blue. Fertile both ways and producing outstanding seedlings. The falls are very broad. A plentiful supply allows this low introductory price. The parents of this nice iris are (Tan Lace x Laced Lemonade).....\$5.00.

Veiled Sunshine (Nichols '81) SDB 14" Seedling 8008A When this young lady bloomed three years ago, she created quite a stir among garden visitors. We believe that this iris is the finest one to be placed on the market that involves the color scheme of white and yellow. The slightly open standards are creamy yellow. The falls are broad, flaring and ruffled being warm white with a luscious lemon wash surrounding the orange and white beards. At times, the falls seem to have a dusting of gold dust. This exciting iris will be a sure visitor stopper in your garden. The parents of this new and lovable iris which is fertile both ways is (Joy Bringer x Amazon Princess) x Fine Taste.....\$15.00.

Urban Cowboy (Nichols '81) SDB 14" Seedling #7853A City folk always take notice when a cowboy comes to town. An iris that is very beautiful and very different garnered this name. Combining the best from its interesting parentage, this new iris is superb! From (Joy Bringer x Oliver) x Be Dazzled comes closed lemon standards projected over brown slightly ruffled falls with lemon borders and accented with orange and white beards. Fertile both ways. A rapid increaser makes a rather large clump massed in flowers within a short time.....\$10.00.

Whiskey River (Nichols '81) SDB 14" Seedling #7823A Antique honey flowers have closed standards and flaring falls. Brown hafts and beautiful lavender beards complete this iris. A plentiful supply allows this iris to be released at this time. Fertile both ways. (Gingerbread Man x Biddy Bye).....\$5.00.

SPECIAL OFFER One each of the above 1981 introductions for \$40.00.
