

JAMES W. SHOOK
Iris Grower

3987 Lincoln Lake Rd.

Lowell, Michigan 49331

For many years my wife and I have been operating a hobby and Hybridizing garden for the improvement of Iris species.

Each year greater number of garden visitors come from more distant places and we have allowed our garden to expand in size.

Because of aging and other disabilities we are no longer able to do all the garden work by ourselves, so we must expand the garden still more to meet the costs of hired help.

We have chosen to increase our sales via mail order, hence this, our first published price list.
