

KIRKLAND IRIS GARDEN

1987

CAROL & GEORGE LANKOW
Median Specialists

ORDERING INFORMATION

KIG begins delivery around July 15. No orders are shipped after August 15. Local customers may pick up their orders at the garden and save shipping costs. Orders are filled in the order received, but we will try to comply with your desired delivery dates. We ship UPS unless otherwise requested. Please include your phone number and any special instructions.

Minimum MAIL ORDER \$10.00; payment with order. Please add a handling charge of \$2.50.

SUBSTITUTIONS with your permission only. EXTRAS with each order. The choice must be ours based on availability and the size of the order, but we appreciate suggestions.

We GUARANTEE plants to be true to name and in healthy condition. Unsatisfactory rhizomes will be replaced if we are notified promptly.

KIG is a backyard garden and we do not grow varieties in large quantities. We add new varieties each year and we must remove many that we like long before we tire of them. But you will find some older varieties listed that we have been unable to part with. Very new and very old varieties are usually in short supply and we urge early orders for them.

JOIN THE AMERICAN IRIS SOCIETY

Checks for annual dues of \$9.50 should be sent to Carol Ramsey, Membership Secretary, 6518 Beachy Avenue, Wichita, KS 67026.

Then: JOIN THE MEDIAN IRIS SOCIETY

Annual dues of \$5.50 may be sent to Carol Lankow, Membership Secretary, 725 20th Avenue West, Kirkland, WA 98033, or to the American Iris Society when you join or renew.

AMERICAN IRIS SOCIETY AWARDS

H.C.: High Commendation. A seedling award.

H.M.: Honorable Mention, awarded to irises in commerce.

A.M.: Award of Merit, next highest award.

D.M.: Dykes Medal, highest award. One each year.

1987 INTRODUCTIONS

ASK ALMA (Lankow) Sdlg. 4B32-7 IB 21" M (Pink Pirouette X Wright L56: (Wright L32: ((Pink Cushion x Lanna M.) x Amber Shadow x Cotton Blossom)) This is a nice "finished" IB. The color is a light shining orange (RHS22D) with a coral glow. Standards are closed and the falls semi-flaring, all gently ruffled. A vigorous, healthy, well proportioned plant that produces abundant stalks with one and two branches that display the flowers to advantage. E.C. 1986.....\$15.00

BROAD GRIN (Lankow) Sdlg. 2A25-2 SDB 9" EM (Appleblossom Pink X 80-5-1: (Cotton Blossom x Wright L32)) "Broad" because it gained local notoriety as the "Blushing Broad". We have been searching for a way to add width and substance to the pink and orange SDBs, and think we are on to something. This has very short, wide petals with lots of starch. "Grin" because (we can't deny it) the mouth is wide open. Despite that fault, it is a very pretty flower of creamy pale pink (RHS18D) blushed shrimp pink up the ribs and across the hafts. It has a chrome-yellow line down the center of the falls, and the open standards reveal gilt edged fat pink styles. Fertile both ways and we are using it overtime on everything pink in the yard. E.C. 1985.....\$10.00

JESSE LEE (Lankow) Sdlg. 0A21-10 SDB 9" E (That's Right X Rain Dance) Our grandson insisted that an iris named for him must be blue because he is a boy. It took awhile (he is seven now) but here is one that seems blue enough and good enough. The closed standards are light blue (RHS97D) The horizontal falls are a bit lighter and display white beards. It has two and three buds, ruffles and a sweet fragrance. Fertile.....\$10.00

THAT'S RIGHT (Wright-Lankow) Sdlg. L75 SDB 10" EM (Blue Trinket X Cotton Blossom) That's Right is a distinctive personality that should have been introduced earlier. We threw away the wrong iris one year and it took awhile to rebuild the stock. The petals are lavishly ruffled with well held standards and horizontal falls. It is lobelia blue (RHS91C) with a yellow-orange beard that is red-orange in the throat. It is proving to be an outstanding parent. Should be used for red bearded blues. Picture in the Spring, 1985 MEDIANTE. E.C. 1985.....\$10.00

These and our previous introductions are also available from
RIVERDALE IRIS GARDENS, 7124 Riverdale Road, Minneapolis MN 55430

GENERAL LISTING

MINIATURE DWARF BEARDED

Smallest and earliest of the bearded irises, ranging in height from 3" to 8". Wonderful rock garden plants. The CAPARNE-WELCH MEDAL is the highest award. Previous Caparne Award is equivalent to AM. Our list is limited to varieties that thrive in the northwest, and none are grown in large quantity. Order early.

 Bit large but a pretty violet bitone
 with velvety F. Vigorous.....4.00

BORDER BEARDED

Plants 16" to 27" blooming during the TB season. The flowers should be proportionately small. Slow increasers as a group, we note those that perform well for us. Nice in smaller gardens or to face down the taller TBs. Always in short supply, so order early. The KNOWLTON MEDAL is the top award.

AM I BLUE (Denney '77) 20" KM '83. Pale blue, deeper in the heart of the flower. Deep blue beard. Grows..2.00

AMY RENEE (Jorgensen '82) 18" HM '84 Ruffled orange S., yellow F. A red beard. Neon Color.....7.50

BABY LOVE (Denney '83) 20" HM '85 An unusual and appealing color. Smokey blue-pink blend. Sienna beard..3.50

BLUE TREASURE (Wright '80) 25" HM '82 Quality icy white flowers opening from blue buds. Fancy ruffles..3.00

BOCHAMP (Innerst '80) 26" HM '83 BB size, and it grows. Bright yellow, white on the F. Never fails...2.00

BROWN LASSO (Buckles '75) 22" HM '81 Only BB to win the Dykes. Butter-scotch S. Light violet F. with a brown edge. Fine.....2.00

CABANA FIRE (Boushay '85) 24" Lightly laced and ruffled honey borwn with yellow on the F. and a tangerine beard. Attention getter.....10.00

CINDER BRITCHES (Meek '81) 24" HM '83 Coppery red self. A very handsome fellow that grows and blooms. Gets up in size.....3.00

 Pink blend with a rosy beard. Show
 stalks.....2.00
 PREDICTION (Keppel'82) 24" AM'86
 Lavender-pink S. Ivory F. with wide
 plic edge of pink-lavender.....3.00
 RASPBERRY SUNDAE (Niswonger'72) 26"
 KM'78 Vigorous raspberry rose. Fine
 garden color. Good plant.....2.00
 SHANDY (Bellagamba'82) 25" HM'84 An
 attractive ruffled creamy champagne
 with brown beard.....4.00
 SHANNON (Wolff'75) 22" HM'76 Laced
 and ruffled azalea pink with a red
 beard.....2.00
 SKY BIRD (Magee'81) 27" HM'83 Blue-
 white, bluer in heart of the flower.
 Brown haft markings.....2.50
 SOFT SPOKEN (Dyer'80) 20" AM'84 De-
 lightful light lilac with a coral
 beard. Ruffled. A love.....2.00

SOUNDER (Lankow'80) 22" HM'82 Good BB size and proportion. Blue-white S. Cream-white F. Reliable....2.00
 TAWNY GOLD (Hickerson'76) 21" AM'79 Much too tall here, but a shining bright tobacco gold. Puplpe based leaves.....2.00

TOUCH OF AMBER (Burger'77) 20" HM'78 Light pink with gold brushed hafts. Pretty and it grows.....2.00
 WHOOP'EM UP (Brady'74) 27" KM'81 Gaudy. Bright golden yellow S. and maroon red F. with gold edge. Tall but fun.....2.00

TALL BEARDED

Even though this is a median catalog, we list three TBs that we think you will enjoy growing. Over 28" and the latest of the bearded irises to bloom.

DRESS BLUES (Lankow'86) 30" We are pleased with this rich medium blue. It has good form, stalk, and bud count, and it closes the bearded iris season in our yard. Bandbox smart, it looks dressed for parade.....15.00
 ICE CAVE (Wright'86) 39" Serenely elegant. Ice blue S. over lighter F. Light blue beard frosted pale lemon yellow. Tall with fine flower placement and multiple buds.....17.50
 RUFFLED CHERUB (Wright'72) 28" Registered TB but within BB range much of the time here. Blue-white S. White F. Fine form, stalk, and proportion. It is a good breeder for BBs. Parent of Dress Blues.....2.50

PACIFIC COAST IRISES

Grown mostly for our own pleasure, we have sufficient quantities of some to share with those who live where they can be grown - mostly west of the Cascades and Coast Range mountains. Plant immediately upon receipt and keep well watered until fall rains begin. Shipped when new growth starts, usually late September. Must be treated as a SEPARATE ORDER and there is a \$3.00 shipping charge. ALL ARE \$2.50 EACH

BANBURY GEM (Brummitt'72) Slender plant with med.ruby S. and ruby red F.
 BIG MONEY (Ghio'84) Large, vigorous, floriferous bright yellow.
 LAS OLAS (Ghio'84) Ruffled violet with a large white area on the F.
 LOS GATOS (Ghio'74) Pretty, ruffled slate violet.
 MONTARA (Ghio'84) Full formed golden brown with a red signal.
 NATIVE WARRIOR (Phillips'71) Compact light red.
 PACIFIC MOON (Hager'74) Cream with light lavender veins.
 RIPPLE ROCK (Lenz'66) Ruffled brilliant yellow. F. veined brown.
 SHORT ORDER (Ghio'83) Cute, compact ochre yellow. Light brown overlay.
 SPRING DAZE (Ghio'83) Huge flower in lovely light lavender. For cutting.
 WESTERN QUEEN (Stambach'72) Tall vigorous white. Very floriferous.
 WILD PARTY (Ghio'83) Sturdy plant. Vivid color. Apricot S. Magenta F.

CARE AND FEEDING

Bearded irises are easy to grow and a little extra care will reward you with even better bloom. Their basic requirements are at least half a day's sun and good drainage. Beds should be raised slightly if there is standing water.

June through September is the best time to plant and to divide and reset crowded clumps. If you cannot plant new rhizomes when you receive them, keep them in a cool dry place until you can. Plant rhizomes just beneath the surface and spread the roots below for anchorage until new roots form.

Fertilize them when planting and in early spring. Do not let the fertilizer come in contact with the rhizomes.

Trim dead leaves but do not cut back clean healthy ones. They are feeding the plant.

You want sunlight and air circulation at the base of the plants, so your irises should be kept clear of debris and reasonably weed free. A preemergent weed killer is an aid to housekeeping.

Soaking rhizomes before planting, and drenching them in early spring with a fungicide is helpful in disease prevention.

TERMS, SYMBOLS, AND ABBREVIATIONS

S.: Standards, the three upper petals.

F.: Falls, the three lower petals.

Haft: Top of falls.

Rib: Area up the center of standards.

Self: Iris of one color.

Bicolor: Standards and falls of different colors.

Bitone: Standards and falls different shades of the same color.

Amoena: White standards, colored falls.

Neglecta: Light blue standards, darker colored falls.

Variegata: Yellow standards, darker colored falls.

Reverse: Any of the previous combinations with the darker color in the standards.

Plicata: Dotted, lined, or stitched petal edges on a lighter colored ground.
