Happy Spring!

Our iris have enjoyed a relatively mild and moist winter which should soon bring forth a burst of blooms. We invite you to visit our gardens during the blooming season. Peak bloom is usually the first week in June, but may be a little early this year. Please do call (442-2353) before you make a trip to be sure there is something to see.

Clumpity Clump

During blooming season we offer for sale a number of fine unlabeled plants on a "you select - you dig" system for \$3.00 per clump. If you live in this area come join our many customers who find this the most economical way to add a rainbow of iris to their gardens. It's always advisable to call before coming to check on availability. This is the only time you may purchase "cash & carry". The rest of our plants are available only by pre-paid orders. Sorry, but no orders are accepted after August 1, 1987.

Old Firm - New Tricks

Although our business is in its 82nd year we're not adverse to learning new tricks. This past winter we started to computerize our records. This transition wouldn't have been possible without the able assistance and many long hours put in by our friend and employee, Michele Wagner. Thanks, Michele! In the long run we hope this modernization will help us serve you faster and more efficiently. Until we perfect our "computerese" we hope you'll bear with any slowness on our part as we learn the system.

Orders for iris in this list will be accepted, when accompanied by payment by check or money order (no Visa or MasterCard), until Aug. 1st. All iris are labeled and planting instructions included. Orders will be shipped in rotation as received beginning in mid July. If you specify a particular ship date we will endeavor to comply, but remember that the vagaries of the weather can spoil the best laid plans. We try to ship orders to northern latitudes and high altitudes as early in the season as possible. These short season climates need a head start. If you need early delivery please get your order in early.

We will ship by United Parcel Service, unless you request parcel post, so please give a complete street address. Please add \$2.00 packing and handling charge. Colorado customers add appropriate sales tax.

All iris listed are priced per rhizome, that is one division of the plant. There is no minimum order, but orders of \$10.00 or more are entitled to a discount (please see discount schedule). The larger the order the less cost per plant. Note: Discount does not apply to the Rainbow Collection or the 1987 Introductions.
