GREETINGS 1988

Dear Friends, Thanks to all of you for making last year the best ever since our return to cataloguing. We were sorry that we ran short on some varieties last year and that we are having to withdraw quite a few items this year in order to gain increase. However we are listing many new varieties that we think you will like.

In spite of last year being the driest season that we can remember in thirty some years that we have been in Oregon, everything looks fine as we write this and increases in Iris, Hostas and Hemerocallis look very good. If you happen to be in our area this season, please feel free to visit us and enjoy our two large show fields and the fields of seedlings and listed varieties. Since all of you were so pleased with the way we handled the extras last year we will continue to try and make you as happy as before.

Best wishes for a great gardening year.

Sincerely,

Chet and everyone here at Fleur de Lis.

TERMS

MINIMUM ORDER - \$10.00 Payment by check, draft or money order. Please add \$3.50 for handling and postage. Shipment will be by U.P.S. unless you specify otherwise. We found U.P.S. 2nd day air to be the best as we tried it last year. If you wish it that way then please add \$6.50 for Handling and Postage instead of the \$3.50 ground service. Stock is guaranteed to be healthy and true to name.

Shipping dates are from July 10th to Nov. 1st.

EXTRAS will be added in proportion to the size of the order which we will double when we can and of our choice. However, we would appreciate a WISH list of your own. We think you will be more than pleasantly surprised and pleased.

GARDEN VISITORS are welcome throughout the year.

IRIS bloom is at its best as a rule from May 20th through most of June.

HOSTAS may be viewed all season.

PEONIES from mid April through June.

HEMEROCALLIS from early May through October.

NOTICE. For those of you who wish to acquire Japanese Iris and Peonies, may we suggest you write for a list to our friends Al and Dorothy Rogers and their family at CAPRICE FARM NURSERY, 15425 SW Pleasant Hill Rd. at nearby Sherwood, Oregon 97140. Ph. 503-625-7241. Better yet, if you can, be sure to visit them, for you will see large fields of almost every variety of Peony and Japanese Iris there. You will truly become enchanted by their beautiful collection of Tree Peonies as well.

NEW IRIS FOR 1988

ALL 1988 INTRODUCTIONS "NET" EXTRAS OUR CHOICE

ANGEL'S TOUCH (Tompkins 1988) M.L. 38 in. (((Ovation x (Easy Grace x Pretty Please)) x (Ovation x Irish Lullaby))) X (((Tinsel Town x ((Ovation x Royal Gold)) x Venetian Dancer))). Delectably delicious and thoroughly mouth-watering, this is the most enticing, good enough to eat, looking pink we have had since the days of Candy Counter. It's color is close to rich Wintergreen pink and a fat, flashy tangerine beard set against its icy looking satiny finish accents the self color of the broad nicely domed standards and wide semi-flaring falls. The huge beautifully ruffled, lightly laced flowers are perfectly placed on strong widely branched stalks that carry 7 to 9 buds.
No. 83-130.....\$35.00

APOLLODORUS (Tompkins 1988) M.VL. 39 in. (Easy Grace x San Leandro) X ((Bayberry Candle x Highlight) x Copper Capers)) x (((Bandolier x ((Orange Parade x Grand Teton) x Cosmopolitan))). This is a blended bitone or Variegata in brown. It is a very large flower with broad perfectly domed standards and ultra wide, flaring falls. The petals are elegantly ruffled and picotee edged. Standards are coppery gold with a very hazy overtone of taffy lilac. The broad round falls are of blended Saffron gold and copper tan with a complete overlay of rich blended Oxblood and Catawba brown that covers the whole petal except for a half inch border of bright, tawny Saffron gold. A deeper toned beard adds to its brightness. Tall, well branched stalks with up to 15 buds.
No. 84-58D.....\$35.00

BROCADED GOWN (Tompkins 1988) M.L. 38 in. ((Stately Mansions x Buffy) x (Stately Mansions cantelope colored Sib. x 61-77 Hamblen)) X (Grand Manner x Genesis). This beauty is surely dressed for a wedding in her gown of gleaming Ivory satin and glittery moonlight lemon all beautifully ruffled with her hems edged and veiled in sparkling cream and Gilt lace. Large and voluptuous, she is still serenely cool and dainty in her chaste and innocent desirability and a fit bride for any garden. Each lovely bloom is perfectly placed on well branched stalks. Stock is limited due to a waiting list.
No. 83-22.....\$35.00

CYNTHIA ANN (Tompkins 1988) M.L. 38 in. (((Irish Linen x White Pride) x (Cloud Country x White Pride)) x ((Radiant Bride x Tinsel Town) x (Concord Town x Silver Song))) X (((Cup Race x Tinsel Town x (Concord Town x Silver Song)) x Winterwatch))). Years ago I wanted to name an Iris for my mother. when I asked her what color she would like it to be, she said she thought a garden never looked just right unless it had some cool cream and warm white flowers. I registered the name and said, o.k. when the right one comes along I will introduce it. The right one never came until this one bloomed and the moment I saw it I knew it was the one that I had waited for, so here is "CYNTHIA ANN". It is a huge, perfectly formed flower of lustrously gleaming white with a glowing infusion of cream. Its broad ruffled standards are well domed and its widely rounded, flaring falls are nicely ruffled. A faint touch of creamy Gilt hidden deep in the throat accents its wide, creamy beards. Well branched stalks with good placement.
No. 83-105.....\$35.00

DANCE FEVER (Tompkins 1988) M.L. 40 in. (((Cimbay x Latin Lover) x (Cimbay x Treasure Key)) x (((Cimbay x Latin Lover) x (Starburst x Cimbay))) X ((Cimbay x Starburst) x (Cimbay x Cold Fire)). This break in color and pattern is one of the most exciting things that has come along for us in years. It has been equally exciting for all of those who have seen it and we already have a waiting list. The flowers are very large with beautiful form, having broad ruffled well domed stands and wide ruffled falls. It has stands of brilliant Sulphurous toned Aureolin yellow above broad, clean, velvety falls of brightly sparkling Antique Ruby and Hollyhock red. This very rich color is accented by a three quarter inch border of vivid Aureolin yellow and a deep golden beard set against its clean red hafts. Tall, strong, widely branched stalks with perfect flower placement, it is as blatantly spectacular as one of De Milles famous movie epics.
 No. 84-131.....\$35.00

FRENZY (Tompkins 1988) M. 36 in. (Sib to Apollodorus). A bitoned plicata, the standards of this are of blended Chinese yellow and topaz gold with flushes of Russet. The falls are the same but heavily bordered with flecks and striations of rich brown, caramels and lemons. An icy white area at the ends of the full chrome beards accents its frenzied pattering as sparkling flecks of chrome lemon flash out over the icy white. A vivid showpiece and a great favorite with garden visitors.
 No. 84-58.....\$30.00

GYPSY BUTTERFLY (Tompkins 1988) M.L. 39 in. (((Stepping Out x Tinsil Town) x (Stepping Out x Camelot Rose)) x (Tinsel Town x Stepping Out) x (Dark Town Strutter x Kalahari))) X Darker toned Wind Walker Sib. A very showy bicolored plicata with rich lilac stands that seem to have an undertone of greenish tan. These bright, showy standards offset the wide, flaring falls which are satiny white with an inch wide border of black purple that even covers the hafts where a few tiny which stitches show under its white beard which is tipped lemon in the throat. A tiny black arrow under the beard accents its whiteness. The whole ruffled and lightly picoteed flower sometimes has an inward and upward curve to the lower half of the fall as the flower fully extends, giving an impression of butterflies, both spread at rest and rising to take flight. A fantastic parent. With Syncopation it gave a whole series of completely clean, veinless bicolors in an astonishing range of colors.
 No. 84-11.....\$25.00

MAJESTIC MOONLIGHT (Tompkins 1988) M.VL. 40 in. (((Easy Grace x San Leandro) x (Easy Grace x Genesis)) x ((Tinsel Town x Charmaine) x (Maudie Marie x Tinsel Town))) X ((Carolina Gold x Wedding Vow) x (Tinsel Town x Royal Gold)). One of our favorites, this descendant of Tinsel Town is a pristine combination of satiny snow white and vivid lemon gilt. Huge and impressive it has elegant form with domed standards and flaring falls. Buds of bright gilt yellow open to flowers of satiny white with standards having a glittery finish and a flush of deep gilt over the centers enclosing wide ruffled styles of white with stripes of gilt. The broad flaring falls have Snowy white tops with undersides of Lime gilt that helps to intensify the brilliant golden gilt brushings over the broad hafts around a vivid gilt beard. A real showpiece.
 No. 83-58W.....\$30.00

PAGODA GODDESS (Tompkins 1988) E.M.L. 36 in. (((Tinsel Town x Debby Reardon) x (Angel x Sparticus) x ((Royal Gold x Ovation) x (Stately Mansions x Salmon river))) X ((Pink Pussycat x Orange Parade) x Far Corners)). One of the deepest, most brilliant pinks in our garden. This has domed stands and flaring falls and is nicely formed. The ruffled, fluted flowers have a vivid sparkling finish with the falls perhaps a few shades deeper in color, an effect that seems to come from what appears to be an undertone or infusion of blue and a full wide beard of flaming tangerine red that is almost Neon bright. Its stalks are strong with usually four branches and the terminal. The branches are rebranched and there is an abundance of buds and often five blooms open per stalk. Sometimes we wish there were less to open at once or that it had yard wide branches but it produces a show that just won't be ignored.
 No. 83-105C \$30.00

STEAM HEAT (Tompkins 1988) M. 38 in. (April Lost x Capricious). An enormous, ultra wide petaled flower of fine semi-flaring form. Flamboyantly showy, it has light icy buff pink stands that show a pleasing, pale flush of orchid in their veining while its falls are of Ivory white with a lovely half inch border of an unusual color rather like Mulberry rose blended with Lilac blue. Full tangerine tipped beards are offset by underlying spears of Mulberry blue. It is a fast grower with large foliage and strong well branched stalks that show off the huge flowers very well.
 No. 83-35 \$25.00

TRULY BLESSED (Tompkins 1988) M.L. 38 in. (((Primrose Path x (Stately Mansions x Bavarian Cream)) x ((Cold Fire x Genesis) x (Genesis Sib. x Princess))) X (Command Performance x Wedding Vow). A self of cool, icy, restful looking Lemon cream with a self colored beard. The flowers are very large and have broad petaled, perfectly domed and nicely ruffled standards and very broad, semi-flaring, gracefully fluted and ruffled falls. Tall and showy with strong well branched stalks. Pictured and commented on in the Northern Calif. bulletin. A fast grower and surefire performer. One of our visitors favorites.
 No. 84-171 \$25.00

Last fall, Dave Silverberg moved to this area from New Jersey. In order to help him establish we are listing his two new introductions for him. You may order directly from him at P.O. Box 1046, Mt. Angel, Oregon 97362, or you may order them here if you wish. You will find his Crashing Wave, Crystal Prism, Fire Trails and Strawberry Field in our general tall bearded list.

GANGES MOON (D. Silverberg 1988) M.L. 38 in. (Soft Moonbeam x Rookwood Blue). This is a huge flower with excellently domed and ruffled stands and wide, heavily ruffled and fluted falls. In color, it is a clear Citron yellow with a lemony tint to the stands and an Antique cream to Ivory undertone that brightens the satiny opaque falls. Bright lemon beards further brighten the glowing flowers. Strong and well branched.
 No. 78-45A \$35.00

MIDNIGHT WAVE (D. Silverberg) M.L. 38 in. (Veneration x Mt. Saint Helens). A very large neglecta of flaring form, this has wide ruffled stands of icy white, tinted pale lavender and wide fluted falls of clean ultra bright Royal Violet or Patrician purple. White, lilac tinted beards accent its rich color. Tall, well branched and very showy.
 No. 76-5C \$35.00

PERSONALITY PARADE

\$10.00 Each — Net, or 1 each for \$50.00

Many, many thanks for your wonderful reception of the 86 and 87 Paraders. Your enthusiasm for them and enjoyment of them parallels our own and since our feeling for them is truly high, what more could we desire. Yes, we often had midseason and fall bloom on Nile Flower and Snowy Throne, especially on established plants so we are more than pleased to hear that you found the fall bloom so enjoyable too.

We were sorry we ran short of those two last season but have carefully increased them so should have plenty of stock this year.

We hope you will welcome the 1988 Paraders as warmly as you have those of the past seasons. We think these are especially fine and quite different than any others.

AROUND TOWN (Tompkins 1988) M.VL. 40 in. (Sib to Midnight Lace). Rich violet over a white ground, the stands have much more white on their inner sides which helps to light up the heavily flushed and bordered outsides which show heavy white flushes up the midrib areas. The falls are satiny white with a broad half inch border of blackish purple which is further accented by a snowy white beard on clean white hafts which are accented by 4 bright violet stitches each side of the beards. Large and perfectly formed on strong 4 way branched stalks which carry 12 or more buds.

HUSHABYE TIME (Tompkins 1988) M.L. 39 in. ((Summer Glen x Stately Mansions) x (Summer Glen x Silver Song)) x Song of Norway. From our lines in trying to get a blue bearded yellow, this is a huge flower of excellent form with broad ruffled petals. Unusual, exotically lovely and very intriguing, its color is a pale Nankeen or Cafe Au Lait color with lemony tones and a hazy milky blueish green covers the central part of the flower. As the flower extends, this fades leaving the amber based, icy blue beard quite dominant and the Cafe Au Lait color becomes a wide delicate border. Very attention demanding with its strange Twilight Zone difference.

LULLABY LAND (Tompkins 1988) M.VL. 50 in. (((Easy Grace x Pretty Please) x (Easy Grace x San Leandro)) x Wayward Angel))) X Infinite Grace. Perhaps this is too large and too tall, but you can bet that nobody misses seeing it. Stalks though a good 50 inches tall on established plants are very strong and widely branched and do not bend or break even though its flowers are truly huge. A bitone, it has cream white stands very faintly undertoned orchid pink and broad rounded falls of Strawberry rose offset by full lemony white beards. A garden sellout under number every year we decided it should have a name as so many had requested. Try it with Hushabye Time and Night Lightning for a stunning garden trio.

NIGHT LIGHTNING (Tompkins 1988) M.L. 36 in. Nile Flower X (((Highlight x (Camelot Rose x Cosmopolitan)) x Wayward Angel))). This has medium to large flowers of beautiful form, closed stands and flaring falls. It seems to be a self color of an unusually brilliant violet made up of blended tones of Seville, Pansy and Pontiff purples. Sultry and richly glowing, the very clean flowers are offset by fat full beards of vivid, flamelike coppery red. Strong well branched stalks with lots of flowers and buds.

SUN LOVER (Tompkins 1988) M.VL. 38 in. ((Las Vegas Gold x Fusilier) x (Royal Gold x Ovation)) X (Tinsel Town x Royal Gold). This super-hot yellow burns so bright that it seems as if it surely draws extra energy and color from the sun. A complete self, even to the beard, it has large flaring flowers that are well shown on tall widely branched stalks. If you want to light up the night don't miss this one.

WINTER WATCH (Tompkins 1988) M.L. 37 in. ((Sterling Silver x Tinsel Town) x Radiant Bride)) X (((Crown Sterling x ((Cup Race x Irish Linen) x (Christmas Angel x Tinsel Town))). Very large, excellently formed and ruffled, with broad, perfectly domed stands and ultra wide falls that overlap at the hafts. a glistening, icily sparkling white with just the faintest suggestion of blue, like pale shadows on new fallen snow, this has a pure white beard that accents its beauty. The stalks are perfectly branched with 3 to 4 open blooms at a time and many buds.

PERSONALITY PARADE REGULARS

\$6.00 each or 3 or more different @ \$5.00 each

BIFTERSWEET GOLD (Tomp. '86) M.L. 38 in. This is a very large flower with perfectly domed standards and widely flaring falls. A self of very deep and bright Fulvous or apricot orange, it is very smooth and velvety with no veining or haft marks and this smoothness is accented by a very full beard of deep orange red.

BLUSHING BUTTERFLY (Tomp. '87) M.L. 36 in. Large, showy flower with Orchid stands and Fuchsia Rose falls which are bordered creamy orchid. Broad petaled, ruffled and picoteed this is touched Chestnut at the hafts and is lighted up by a Tangerine beard.

ENCHANTED LAND (Tomp. '86) M. V-L. 37 in. A very brilliant self of Raspberry wines with a full undertone of Fuchsia red with a bronzy chocolate red haft under a vivid marischino red beard. The large flowers have excellent form with flaring falls. Stalks are strong, tall and well branched with many buds.

LUNA MOTH (Tomp. '87) E.VL. 36 in. A washed, bitone plicata. This has standards of glittering Lemony Amber and highlighted by an undertone of Icy green. The falls are of rich Amber with a brushing of gilt and a wash of bluish orchid. Broad petaled and nicely ruffled.

MERRY WITCH (Tomp. '87) M.L. 39 in. An amoena with glistening white stands that are at times lighted up by a pale lemony base and flush of light lilac and flaring falls of bright Manganese violet blended Begonia rose.

NILE FLOWER (Tomp. '87) M.L. 38 in. A blend of Pearly Agate, Dawn Gray, Creamy flesh and light Heliotrope blue with its wide hafts brushed rich orchid backing the heavy beards of vivid Ember Red. Unusual and exotic, its made further intriguing in appearance by a flushed strip of orchid from beard to fall tip.

PAINTED CLOUDS (Tomp. '87) M.L. 39 in. A new pink of large size with lovely ruffled form. It is a blend of Hermosa or Baby Ribbon Pink over an undertone of icy cream. The stands are several shades deeper than the flaring, heavily ruffled and picoteed falls which are accented by glowing Tangerine pink beards set on rich smoothly painted hafts of deep Watermelon rose.

PASSWORD PLUS (Tomp. '86) E.L. 38 in. An extremely large flower, this has wide domed standards and broad, round, semi-flaring falls so wide they overlap at the hafts. It is cleanly finished like shimmering silk and is a self of orchid toned fuchsia pink with a very bright self colored beard. A descendent of Password, it does its parents proud.

ROWDY (Tomp. '86) E.L. 37 in. This is such a screamingly loud combination of colors that it is a rowdy riot all by itself. Standards of gilded, glowing copper are offset by falls of vivid blended mustard and brass with overtones of orchid pink and blue violet. A tawny shining red brown haft and border and a wide copper orange beard add to its flamboyance. It has tall, very well branched stalks and gives a long season of bloom.

SNOWY THRONE (Tomp. '87) E.M. REB. 34 in. An Amoena plicata this has snowy white standards and wide round falls of white with a border of bright Flaxflower blue. A white beard is an added feature. Last years Description said (Above brown falls which are bordered blue), It was a printing error and should have read Above *Broad* falls). Sorry, I did not see the mistake until Keith Keppel wrote me about its most unusual color combination. Just when I thought I was perfect, too.

SPRING SHARING (Tomp. '86) M. VL. 38 in. This is a pink amoena of large size with broad petals and excellent form. It is so bright and beguiling it just seems to beg one to come and share with it the colorful joys of spring. Its standards are clean warm white and the falls are clear, pale baby ribbon pink with just a foggy hint of a deeper pink lighted up by a jewel-like pink beard. Tall, strong, well branched stalks with lots of buds. A real showpiece.

STORMY WEATHER (Tomp. '77) E. VL. 39 in. A very brilliant blended bicolor. The flowers are very large and are of excellent, semi-flaring form with ruffled edge. The color is a smoldering mix of bishops violet, fuchsia rose and rich coppery chestnut. The velvety falls have a brownish edge that is reflected in the rather brassy sparkle of the standards. So many have asked for it we have again grown a good stock.

UNTAMED MELODY (Framke '86) EE. L. 40 in. This is a great favorite with all of the garden visitors. A tall, widely branched stalk carries far more buds than most other iris, making for a very, very long season of bloom. Its huge showy flowers have a basic color of Hot greenish brash overtone with vivid copper and the falls have a full central pattern of glittering tones of blended Electric blue, rose, red and violet with molten gold mixed in.

HOSTA COLLECTIONS

The following plants are from our huge blocks of Hosta seedlings. From these we have selected some for naming and others for further study and use. The balance we have found to be in great demand by Landscape gardeners and for general garden work. Due to requests we are listing the following groups below. Due to such heavy 1987 sales, stock is limited this year.

Prices are \$1.25 per field grown divisions. If ordering more than 10 plants please add 50¢ more per plant. Add \$3.00 per order for handling, or \$6.50 Second Day Air.

- GROUP #1 Large leaf Sieboldiana types, gray, silver to blue
- GROUP #2 Extra large to Mammoth leaf types.
- GROUP #3 Rich green, large, taller growing. Showier blooms.
- GROUP #4 Wide leaf, medium sized with gray to silver and blue.
