GREETINGS FOR 1991

Welcome to another great iris year! Our bloom season runs from April 1st to July 1st, with up to two weeks variation because of weather. Our 3 acre iris garden is open to visitors during daylight hours every day through bloom season. If you are planning a visit, phone ahead (after dark) to check current bloom activity. Plants are organized by type and lined out alphabetically so that you can easily locate specific plants. You will find many varieties in the field that are *not* in our catalog. Many are new varieties being evaluated; others we are building up stock for future years.

Our primary objective with iris is to hybridize 'quality' plants. We are pleased to report that one of our introductions, HELLCAT (IB) has been awarded the Sass medal for 1990. This is the top award given by the American Iris Society for an intermediate iris. Also in 1990, eight of our other hybrids received AIS awards, which is a substantial encouragement for our hybridizing efforts. We are pleased to offer ten new introductions in 1991 for your gardening pleasure.

The KIRKLAND IRIS GARDEN has been combined with AITKEN'S SALMON CREEK GARDEN, following the death of Carol Lankow, October, 1990. Carol was our close friend for the past ten years, as well as coach and critic of our hybridizing efforts. The Kirkland garden will be open to visitors during the 1991 season as we work towards integrating the mailing lists, inventories and the extensive seedling crops. Carol had many quality seedlings which will be introduced as quantity permits. An extensive display of these seedlings can be viewed at our garden in Vancouver, as well as in Kirkland.

In addition to continuing Carol Lankow's hybridizing lines, we are also very pleased to offer irises introduced by Sigrid Asmus, Ken Fisher, Bennett Jones and Jean Witt.

JOE COOL (Aitken '91) SDB, M-L, 10", 3buds. From a cross intended to produce oranges, Carol Lankow made the first startling discovery - a blue amoena with a tangerine beard! The blue is very pale and seems to lighten with the heat, but it is there. The flower exhibits the good form and clean colors which we consider a prerequisite for any introduction. See color photo.

(Solar Flight x Cotton Blossom) x B. Jones #334-2., An Orange SDB.
Sdlg #85M64 \$10.00

MAD DASH (Sigrid Asmus '91) #83-19A, SDB, 12"; E-M. Velvety deep wine-maroon, with lighter stds., contrasting creamy white beard. Vigorous grower. 3 buds clear the foliage. Blocky and ruffled well proportioned stds. and falls. See color photo of Sigrid's very fine first introduction!

(Happening x Combo)

\$10.00

QUICKEN (Aitken '91) SDB, E-M, 10", 3 buds. Chubby Cheeks produces a very high percentage of introduction quality seedlings and QUICKEN represents only the first of many that will be coming from Northwest hybridizers. A white ground plicata with a snappy deep purple rim defining nicely proportioned petals. The flowers are well held above the tidy foliage. (Chubby Cheeks x Peso) Sdlg. #86M41A \$10.00

ROSALIE M (Carol Lankow '91) #2F28-5, SDB, 12"; M. Well formed pastel peach-pink with closed stds., excellent substance and white beard tipped orange. 3 buds clear the tidy foliage. Something about "pink" conveys the sweetness of affection and this one, named for Carol & George's daughter-in-law, is eloquent. (Lucky Duck x Broad Grin) \$10.00

KARA NOELLE (Carol Lankow '91) #4F50-3, IB, 17"; M. Creamy-white with a green wash on the midribs and a yellow wash over the hafts. Pale blue beard. Form is excellent, with wide ruffled closed standards and blocky semi-flared falls. (Sun Dappled x Loveshine) \$15.00

LEVITY (Aitken '91) IB, VE, 18", 5 buds. Big, bright and bold flowers for the early intermediate season. The very round petals are accentuated by a light blue plicata band. The center of the white field is focused by a deep violet beard. A showy garden clump! See photo. (Chubby Cheeks x Jesse's Song) Sdlg. #86M47 \$15.00

SMITTEN KITTEN (Aitken '91) IB, M, 22". Closed white standards over flared and ruffled pink falls, with a white beard tipped orange, this is a classy amoena and a good grower. Very nice showstalks with 7 buds. (Lucky Duck x Marmalade Skies) Sdlg. #85M2-1 \$15.00

BELLA VEE (Ken Fisher '91) #88-3, Diploid MTB, 21"; M. Bright, clean, light yellow with light orange beard. Very vigorous plant habits and purple based foliage. Good slender stem with 2 wide, low branches, 6 buds. #25-24-H: ((Spring Bells x New Idea) x Blue Bisque) x #82-1B: (Consummation x 79-32, unknown) \$15.00

BRONZE SPRITE (Jean Witt '91) #85-02-45, Diploid MTB, 18"; Standards are yellow ground with nearly solid medium brown plicata dotting. Falls are white, edged in brown plicata markings with yellow hafts. Fine thin stems carry 5-7 buds. Very effective garden clump. (Spanish Coins x Unknown) \$15.00

ORILLIA'S RING (Jean Witt '91) #85-03-45, Diploid MTB, 18". Medium butter yellow stds., falls white, edged yellow with brown dotted plicata markings. Bright & spiffy. Many slender stems with 5-7 buds. (Spanish Coins x Unknown) \$15.00

OZARK EVENING (Ken Fisher '91) #88-1, Tetraploid MTB, 22"; E-M. Smooth, light pink self with coral beard. Closed standards, good width on semi-flared falls. Good 'S' curved slender stem with 2 branches and a spur for 5 buds. (Pink Kewpie x Puppy Love) \$15.00

ISLAND CHARM (Aitken '91) BB, M, 26". Cheerful lemon yellow flowers with ruffly petals and blocky form and a white flash to set off the bright yellow-orange beard. 10 buds provide a long bloom season. Plants are very vigorous growers. See color photo.

(Sunshine Express x Brown Lasso) x (Sunshine Express x Summer Love)
Sdlg. #84T21 \$20.00

MAUIMAGIC (Aitken '91) BB, M, 26". A sibling to MAUISURF, this flower has more rolling ruffles than the latter and is done in sleek, glassy smooth intense deep purple. Exceptional proportion and showstalks, its 10 buds are distributed in double and triple sockets for a long bloom season. Foliage is in good proportion to the stems and shows fine disease resistance. Vigorous and pollen fertile. (Memorable x Orbiter) Sdlg. #84T25B \$20.00

WINTERBOURNE (Aitken '91) TB, ML, 37". Originally reselected for its superior substance and form, this fine plant has grown to become an outstanding performer. Very heavy, cabbage-like substance in closed, starchy white stds; falls are similar except for a blush of yellow at the rim. Beards are bright butter yellow. 7 or 8 buds open late in the season, and it is one of the last TBs to bloom. Pod fertile. (Old Flame x Joy of Springtime) Sdlg. #82T40 \$35.00

MARTHA'S GOLD (Aitken '91) TB, M, 35". In a cross intended to produce borders, this one grew up! Its beauty was not to be denied, with intense gold color saturation (from its orange parent) and round, nicely proportioned petals, with an ever so slight 1/4" band of deeper gold on the falls, from its other parent. The beard is brilliant yellow-orange. 7 buds are nicely spaced along the stem. This classic beauty has been named to honor Martha Smith, president of the National Council of State Garden Clubs. (Brown Lasso x Maid of Orange) Sdlg. #85M61 \$35.00

BUTTERFLIES IN FLIGHT (Aitken '91) JI, ML, 42", HC '90. A plant of exemplary quality; a well rounded 6 fall-flower with excellent substance. The color is a white ground with delicate blue-violet veins accentuated by a deep violet tuft of stylearms. In a clump, the flaring flowers appear to float, like butterflies, above the foliage.

(Knight in Armor x Flying Tiger) Sdlg. #85J2 \$30.00

RUBY STAR (Aitken '91) JI, M-L, 36", 3 buds, 6 falls, HC '90. The most intense color saturation we have seen yet in our pursuit of the illusive "red". Several clumps of this seedling were behaving admirably in Maine for the Japanese Iris Convention in July, 1990 - thus the HC. Color is deep red-violet - more so than either parent, with contrasting white flash around signal and white stylearms tipped red-violet. See color photo. (Stranger in Paradise x Kings Court) Sdlg. #86J-1-2 \$30.00

PACIFIC RIM (B. Jones '91) From sdlg. lines by Lenz, Abel, Cosgrove & Ghio. A Pacific Coast Iris of exceptional merit. Bright, round, clean white and blue plicata with just a hint of yellow - (see color photo). Co-introduced with Bennett Jones. \$10.00

MINATURE DWARF BEARDED (MDB) (up to 8")

Smallest and earliest of the bearded irises. profuse bloom on excellent compact rock garden and boarder plants. Perfers cold winter climate.

- 1.00 ALPINE LAKE (Willott '81) Clean white S., light bright blue F. CWM '89
- 2.00 BABY PINK (Boushay '75) Small light pink
- 5.00 BEE EARLY (L. Miller '89) Tiny canary yellow w/maroon spot
- 1.00 BLUE WIND (Spence '81) Smooth light blue, white beard
- 3.00 BROWN IMP (Fry '87) Lt. brown stds, dark red-brown F, gold bd.
- 4.50 CANDY FLUFF (L. Miller '88) Ruffled clean pink self
- 7.00 CHILD BRIDE (L. Miller '90) Round & creamy w/barium yellow spot. Blue B.
- 1.50 CHUBBY CHERUB (Aitken '86) Ruffly creamy green-white w/frosty blue B. AM'90
- 5.50 CROCUS (D. Sindt '87) Very fine creamy yellow w/bright yellow spot. HM'89
- 1.00 CURIO (Hager '72) Yellow w/deep red/black spot on falls. (CA'76)
- 1.50 DAINTY BELLE (Hamblen '77) Creamy yellow with blue beard. Superb!
- 4.00 DAISY FRESH (Willott '88) White w/yellow spot on falls
- 1.50 DITTO (Hager '82) White w/red spot on falls
- 1.50 DOODLE (Hager '85) Fancy plicata. Purple rim on white ground
- 4.00 DUMPLING (Hager '87) Tiny pale orange
- 2.00 EGRET SNOW (D. Sindt '85) Wide & ruffled pure white.
- 2.50 FLEA CIRCUS (Hager '84) Purple/white plic w/rays to the rim. AM'88
- 2.00 FUNNY FACE (Brizendine '86) Charming yellow & cream w/bright yellow hafts. AM'90
- 4.00 GARDEN GNOME (Black '88) Violet/blue stds., deep red purple falls
- 2.00 GARNET ELF (M. Hamblen '77) Velvety red/violet self (CWM'86)
- 1.00 GIZMO (Hager '77) Velvety dk. violet w/red violet spot on falls. CWM'87
- 1.00 GOLD CANARY (Willott '81) Lt. yellow w/deeper yellow spot, white B. Vigorous
- 5.00 GRAPELET (Aitken '89) Very round grape violet self, lt. blue B. Reblooms here
- 3.50 HARRY HITE (Hite '88) Tan stds., pale orchid falls
- 1.50 HOT FOOT (Hager '82) Yellow stds., dark red falls edged yellow
- 1.00 INVISIBLE INK (Hager '83) White with lt. yellow beard
- 1.00 JO JO (Palmer '76) White plicata dotted violet, violet stylearms
- 1.00 LEMON PUFF (Dunbar '69) Lemon stds., white falls, smooth. CWM'84
- 1.00 LIBATION (Hager '75) Wine red stds., deeper falls (CA'79)
- 1.00 LITTLE PEARL (Boswell '84) Blue toned ivory, pale blue beard
- 1.00 MARMOT (Simonsen '65) Early lavender w/blue blaze, white B.
- 1.00 MAYA MARVEL (Machulak '82) Pale lavender S., smokey red/lavender F. Wide
- 2.00 MAYA MINT (Machulak '86) Green S., blue green F. Wide, ruffled. HM'88
- 2.50 MINI PEARL (Street '86) Tiny flaring white w/hint of green at hafts. HM'88
- 1.00 NUGGETS (Sindt '76) Tiny brilliant yellow (CA '80)
- 1.50 OH OH (F. Williams '85) Rich red/brown, yellow beard
- 1.00 PENNY CANDY (Hamblen '77) Ginger gold with violet beard, (CA'81)
- 1.00 PERSIAN DOLL (Kavan '80) Warm white w/burnt sienna hafts, (AM'84)
- 5.00 PETITE BLUSH (Boushay '89) Pink stds., white falls flushed pink
- 1.00 PIXIE PINK (Boushay '79) Nice buff salmon color that is rare. AM'85
- 1.00 PUPPET BABY (Boswell '82) Blue lavender w/plum spot. (AM'89)
- 1.50 PUSSYTOES (Willott '82) White with slight green cast, white B. CWM'90
- 2.00 QUIP (Sindt '80) White w/violet styles & hafts. Nice form. AM'84
- 1.50 SHRIMP (D. Sindt '82) Light pink, coral beard
- 2.00 SLEEPY TIME (Schreiners '87) Pure lt. blue self, white B. Vigorous & nice
- 2.00 SMIDGET (L. Miller '85) White ground plic veined & edged dk.violet. HM'89
- 3.00 SNOW CUB (Sindt '86) Pure white self, incl. beard
- 1.50 SNOWY RIVER (Willott '85) Tidy, round blue white self.
- 1.00 SPARKY (Aitken '84) Violet with dark spot. Vigorous, good form. (AM'89)
- 5.00 SPOT OF TEA (Black '89) Buff w/red/brown spot
- 6.00 STRAWBERRY CREAM (Boushay '89) Orient pink with bright red beard
- 3.00 SUNNY SONG (Willott '87) Lt. yellow stds, deep yellow falls
- 1.00 TIC TAC (A. Brown '74) Outstanding violet on white plicata
- 1.00 TOM THUMB (Hamblen '73) Dark violet w/velvety falls, (CA'77)
- 1.00 TOYLAND (Willott '83) Lt. yellow stds., deeper F., white B. (AM'89)
- 1.00 VELVET TOY (Dunbar-Sindt '72) Tiny, branched lavender, Reblooms in Sept.
- 3.50 WEE FOLK (Willott '88) Cream, lt. green yellow halo on F.
- 1.00 ZIPPER (Sindt '79) Bright yellow w/blue beard (CWM'85)

- 10.00 ZULA (Fisher '90) Lt. brown stds., F. fluted white, veined & edged brown.

ARILBRED (AB)

These plants are hybrids. Aril, Onco and Regalia species of the Middle East are crossed with bearded iris. From such diverse cultural backgrounds has come an unusual series of colors and patterns with greater cultural tolerance than the pure species. Plants tend to go dormant during the hot dry summer, much to the consternation of their host gardeners. There is no height classification for this group and they may range from 4" to 48" (Watch Descriptions!) Seasonal variation is also great—from MDB thru TBs, most bloom earlier than the TBs. Prefer well-drained soil.

Top awards for this group: **C.G. WHITE** - ½ or more Aril or **MOHR** - ¼ to ½ Aril

- 2.50 **APRIL FRESH** (Brizendine '86) pale blue S., green-gold falls, dk. gold bd. 19"

TALL BEARDED IRIS

The best known and most popular iris type, the Tall Bearded iris range in height from 27" on up to a towering 44"! They adapt to most soils and climates, and bloom in late May here.

GYRO

(Aitken '89), 38", 8 to 12 buds; (Navy Strut x Mystique) Following the introduction of ORBITER in 1985, this sibling, under code name of "super ruffles", was carefully secreted away in the back rows of the seedling patch to allow time and distance to separate these great rivals. In the cold climate test gardens of Nebraska and Washington, and under number, GYRO was consistently selected as the best of several siblings. We are now pleased to offer this exceptional specimen in deep, sleek purple, alive with deeply fluted bubble ruffles, firm substance and presented on fine showstalks. A pronounced sweet grape fragrance is also an asset to this fine plant. Flowers have demonstrated a superior resistance to late spring frosts. Fertile and a fine parent.

- 4.00 **CRYSTAL HALO** (Marx '58) 6F lavender veined purple w/wide white rim
- 12.00 **DANCING WAVES** (Payne '62) Exceptional substance in rolling ruffles of deep purple w/lt. rim. 6F. PA'68
- 19.00 **ELECTRIC RAYS** (Aitken '90) Flared & ruffled violet w/electric blue rays. 6F
- 12.00 **ENDURING PINK FROST** (Ackerman '85) 3F white w/bright pink stylearms, 21"
- 6.00 **FLYING TIGER** (Payne '50) 6F white veined dk. viole, dk wine styles
- 6.00 **FRECKLED GEISHA** (Reid '81) 6F ruffled white w/wine freckles and rim. PA'87
- 6.00 **FRILLED ENCHANTMENT** (Marx '58) White w/fine pencil line border of rose. 6F
- 10.00 **FROSTED PYRAMID** (Marx '59) 6+ Falls, peony type, snowy white. 38"
- 4.00 **GARNET ROYALTY** (Reid '84) 3F deep garnet maroon, lighter at signal
- 6.00 **GEISHA GOWN** (Maddocks '63) 6F snowy white overlaid w/rose veins
- 4.00 **GLITTER AND GAYETY** (Payne '62) Dk. purple at sig. blended to white at edges. 3F
- 6.00 **GOOD OMEN** (Marx '56) Lustrous ruffled deep wine. 6F
- 4.00 **HALL OF MARBLE** (Marx '56) Very pale mauve marbled deeper purple. 6F
- 5.00 **HEKITO** (Hirao) Deep cobalt blue w/white styles tipped blue. 6F
- 5.00 **HUE & CRY** (Maddocks '70) Plum purple boldly veined white. 6F PA'73)
- 5.00 **IZU-NO-UMI** (Hirao) Fine light blue w/white veins. 3F
- 5.00 **KNIGHT IN ARMOR** (Marx '58) Mid-blue veined deep purple. Substance! 6F
- 10.00 **MAINE CHANCE** (McEwen '84) Crisp white w/gold signal. 3F. Tet. May rebloom
- 15.00 **MIDNIGHT STARS** (Aitken '88) Large, velvety, deep red-purple. 6F. HM'90
- 10.00 **OL' MAN RIVER** (McEwen '87) Red purple, veined darker. 6F. HM'90
- 6.00 **ORIENTAL EYES** (Vogt '77) Lt. violet to white. Purple halo at yellow sig. 6F
- 12.00 **ORIENTAL ROYALTY** (McEwen '86) Red-purple w/white flecks. 3F. TET
- 4.00 **PERSIAN RUG** (Marx '40) White w/deep red/purple veins. Purple styles. 6F
- 13.00 **PINK DIMITY** (Reid '87) Medium pink w/darker veins. Mauve styles. 6F
- 18.00 **PINK MYSTERY** (McEwen '90) Clear pink w/white wash at signal. 6F. TET
- 30.00 **RUBY STAR** (Aitken '91) See introductions
- 4.00 **SAPPHIRE STAR** (Marx '83) Pale lavender w/fine white veining. 3F
- 10.00 **SHRINE DEVINE** (Marx '85) Rediolet shaded deeper, white edge. 6F
- 6.00 **SNOWY HILLS** (Marx '54) Tall large white w/heavy substance. 6F
- 5.00 **SPRINGTIME SNOW** (Reid '84) Very early white (blooms w/TBs. 3F
- 4.00 **THUNDER AND LIGHTENING** (Marx '54) Dk. violet w/electric blue flash. 6F
- 8.00 **TRIPLE TREAT** (McEwen '81) White w/slight green cast. May rebloom. 3F. Tet
- 4.00 **WIND DRIFT** (Vogt '84) White, marbled red/violet in Stds. 3F
- 5.00 **WINE RUFFLES** (Ackerman '85) Fluted & ruffled royal purple. 6F

SIBERIANS (SIB)

Excellent for flower arranging. Low maintenance, permanent plantings. Bloom before Tall Bearded, mid-May in our area. New plantings may take a year to establish before blooming. Tetraploids (Tet.) have heavier foliage, huskier flower stems than Diploids (Dip.)

Highest award for this class is **MORGAN-WOOD MEDAL (M-W)**

- 4.00 **BEE** (McEwen '76) Dark blue violet with white blaze on falls (Tet.)
- 7.00 **BLUE REVERIE** (McEwen '85) Lt. blue w/wide ruffled styles, white signals (Tet.)
- 4.00 **BUTTER & SUGAR** (McEwen '77) Creamy white Stds., bright yellow F. (M-W'86) (Dip.)
- 3.00 **CAESAR'S BROTHER** (Morgan '31) Still popular velvety purple (Dip)
- 7.00 **CHARTREUSE BOUNTY** (McEwen '83) Pale yellow-green amoena, brighter at hafts. Long bloom season. (Dip)
- 18.00 **CONTRAST IN STYLES** (Hollingworth '89) Mid wine red, lt. blue stylearms (Dip.)
- 7.00 **DANCE BALLERINA DANCE** (S.Varner '83) Near white S., lavender-rose F., (Dip.) (M-W'89)
- 6.00 **DEAR DIANNE** (McEwen '79) Dark blue-violet with distinct narrow silver edge (Tet)
- 12.00 **DREAMING ORANGE** (McEwen '87) Creamy yellow w/yellow orange signals (Tet.)
- 3.00 **ERIC THE RED** (Whitney '43) Rich raspberry red-violet (Tet.)
- 3.00 **EWEN** (McEwen '71) Flaring raspberry red (Tet.)
- 5.00 **HARPSWELL HALLELUJAH** (McEwen '83) Round, ruffled rich violet blue (Tet.)
- 3.00 **HARPSWELL HAZE** (McEwen '77) Lt. blue w/dark violet veining (Tet.)
- 9.00 **HIGH STANDARDS** (Hollingworth '87) Tall dk. blue-purple of classic form (Tet.)
- 10.00 **HUBBARD** (McEwen '82) Velvety rich wine red, white signal (Tet.)
- 5.00 **ILLINI FLIRT** (S.Varner '85) White S., tinted pink, lavender rose F. (Tet.)
- 12.00 **JEWELLED CROWN** (Hollingworth '87) Deep wine red, gold blaze on falls (Tet.)
- 3.00 **LAUGHING BROOK** (Waite '84) Dark purple w/white signal (Dip.) (AM' 88)
- 5.00 **LAVENDAR BOUNTY** (McEwen '81) Lavender-pink with long bloom season (Dip.)
- 4.00 **MABEL CODAY** (Helsley '85) Ruffled mid blue, white signal (Dip.) (AM' 89)
- 3.00 **ON AND ON** (McEwen '77) Blue violet with white signals (Dip.)
- 7.00 **REDDY MAID** (McEwen '78) Velvety dark wine red with white blaze (Tet.)
- 8.00 **REGENCY BELLE** (McEwen '85) Medium blue w/lt. blue styles (Tet.) HM'90
- 12.00 **REGENCY BUCK** (McEwen '85) Outstanding ruffled rich deep violet (Tet.)
- 3.00 **SHIRLEY POPE** (McEwen '79) Vibrant dark red-purple, white signal (Dip.) (AM '86)
- 3.00 **SKY WINGS** (Peck '71) Lt. blue stds., falls darker w/yellow blaze (Dip.)
- 3.00 **SNOWCREST** (Gage '32) Nice clean white, short with smaller foliage (Dip.) (MA '63)
- 3.00 **WATERLOO** (S.Varner '82) Rich grape purple (Dip.)
- 3.00 **WHITE SWIRL** (Cassebeer '57) Tall ruffled wide white (Dip.)

SPURIA IRIS (SPU)

Hardy thru a wide range of climate conditions They prefer sunny well-drained locations with soils slightly alkaline. Bloom follows TB season and plants tend to be very tall (48" to 60").

NIES AWARD - (NA) - Top award for this class.

- 5.00 **DUSTY TRAILS** (Wickenkamp '84) Medium yellow blend, peppered w/tiny brown dots
- 5.00 **GILDED CHALICE** (Hager '80) Bright lemon yellow
- 4.00 **MISSOURI STREAMS** (Niswonger '83) Lt. blue violet self w/yellow spot on fall
- 4.00 **REDWOOD SUPREME** (Niswonger '79) Tall, rich chocolate brown. Brilliant yellow spot on falls. Very showy
- 4.00 **VINTAGE YEAR** (Niswonger '80) Blue-purple stds., purple falls, yellow signals

LOUISIANA IRIS (LA)

The most vibrant colors in irisdom. Plant in acid bed. Louisians are heavy feeders, so fertilize often with a high acid food. Hardy even in the norther tier of states.

- 5.00 **BROOKVALE BROCKADE** (Murray '84) Campanula violet, lt. violet stylearms
- 5.00 **MAY ROY** (Granger '72) Light purplish-pink

PACIFIC COAST IRIS HYBRIDS (PCI)

Bloom before tall bearded. Early May in the Vancouver-Portland area. **Not hardy** east of the Cascades. Tolerant of a variety of acid soils. No feeding, watering or maintenance required for established clumps. Mulch heavily. Transplant and shipping is late September into October. **MA=Michell Award, highest award for this class.**

- 2.50 ANO NUEVO (Ghio '82) Pale yellow stitched & dotted rose-violet
- 3.00 BIG WHEEL (Ghio '84) Raspberry, near black flash in center of falls; MA '88.
- 4.00 CUPERTINO (Ghio '86) Orchid stds., red/violet F., black signal
- 2.50 DRIVE YOU WILD (Ghio '86) Round red/violet w/gold/orange sunburst signal.
HM'88
- 2.50 LAS OLAS (Ghio '84) Violet w/large white area in center of F.
- 3.00 MIRAMAR (Ghio '85) Large, rich, deep blue/violet, white signal
- 3.50 MONTARA (Ghio '84) Large mid brown w/red infusion. HM'87
- 4.00 NIGHT EDITOR (Ghio '87) Ruffled, smooth deep purple w/black sheen
- 2.50 PACIFIC COASTLINE (Ghio '81) Cream with brown webbing on falls
- 7.00 PACIFIC FROST (Aitken '90) Large white with bright blue blaze
- 10.00 PACIFIC RIM (B.Jones '91) See introductions
- 2.50 PEANUT GALLERY (Ghio '86) Small, golden russet. Extended bloom season.
- 2.50 QUEEN CALIFA (Ghio '86) Smooth, creamy lemon yellow self.
- 3.00 RIO DEL MAR (Ghio '80) Very nice pure light blue. HM'82
- 3.00 ROARING CAMP (Ghio '85) Large gold with red/brown wash. HM'87
- 2.50 SAN TOMAS (Ghio '86) Small golden tan, washed red on falls.
- 5.00 SANTA CRUZ BEACH (Ghio '87) Striking large gold w/red-brown spot on F.
- 3.00 SIMPLY WILD (Ghio '81) Rose-pink blend, black signal.
- 2.50 SMALL TOWN (Ghio '87) Smooth cinnamon w/blue blaze. Perky & petite
- 5.00 SOLID CITIZEN (Ghio '87) Lt. blue S., deep blue falls. Round & ruffled
- 2.50 TUNITAS (Ghio '86) Gold w/lt. brown plicata markings
- 2.50 UVAS (Ghio '86) Lt. tan stds., red-brown falls.

SPECIES & MISC. HYBRIDS

CRESTED IRISES (EVANSIA) Prefer afternoon shade and humusy soil. Slugs and snails are a problem. Can be shipped with bearded (July-August) or beardless (Sept.-Oct.) orders.

- 2.00 IJAPONICA Likes partial shade and protection. (Hardy to 10°F) Blooms late April. Delicate sprays of white flowers with orange spots. Apply slug bait generously.

I. LAEVIGATAE (WATER IRISES) Can be grown in marshy ground and in pools but will do fine under normal garden conditions if given extra water during spring growth cycle. Fall shipment only.

- 4.00 ALBA White form, 6 falls
- 6.00 ALBOPURPUREA COLCHESTERENSIS - deep blue edged white, 6F
- 6.00 ROYAL CARTWHEEL (Reid '81) Dbl. navy blue purple w/white slash
- 6.00 SEMPERFLORENS - deep blue violet. Pendant F, upright S.

I. PSEUDACORUS

- 3.00 COMPACT FORM - It may be a hybrid mis-labeled in garden shops as a yellow Japanese iris; it is actually a compact 36" form of I. pseudacorus, with bright yellow flowers
- 3.00 HOLDEN CLOUGH (Patton '71) A hybrid from I. pseudacorus with much tider growth habits (30-36"). Adaptable to wet or dry soil conditions; evergreen foliage in milder climates. Clusters of delicate maize-gold ground flowers, delicately overlaid with brown-lavender veining. Unique in color; sets few, if any seeds. Mulch for excellent low maintenance permanent plants.

OTHER

- 3.50 I. PALLIDA "Zebra". Yellow-green striped foliage. Small fragrant violet flowers. Blooms mid-May. Good landscape foliage plant.
- 3.50 GOLDEN WAVES (Witt '80) Ruffled bright yellow with darker signal. A hybrid between a Pacific Coast Iris and a Siberian, referred to as "CAL-SIB". Hardy.

ORCHIDS

During the "off season" (Nov.-Feb.), we move our gardening & hybridizing activities indoors. A burgeoning orchid collection allows us to share a few types that grow well under lights and on window sills & bloom during winter time.

- 9.00 BLOOM SIZE MINIATURE CATTLEYA SEEDLINGS** in 2", 3", or 4" pots.
Generally, they are orange w/darker speckles and with a fuschia purple lip. (Tangerine Jewel x C. Aclandiae 'D&M'). Bloom 2 or 3 times per year. Not fragrant.
- 8.00 DAINTY BLOOM SIZE EQUITANT ONCIDIUM SEEDLINGS** in 2" pots. Wide color range from white to rich deep red. Bloom once per year - winter - no fragrance.
- 9.00 TEST YOUR GREEN THUMB** with large traditional Cattleya orchid plants. Bloom size in 4" to 6" pots by colors only. Many (but not all) are fragrant.
- 9.00 ODONTOGLOSSUM GRANDE** (Renamed ROSSIOGLOSSUM). Heavy waxen substance on 7" wide flowers. Yellow ground petals overlaid with chestnut brown mottling. White lip. Striking! Robust, bloom size plants.

**"MINI CAT" ORCHID
(FULL SIZE)**

SYMBOLS & ABBREVIATIONS

- Amoena** - White standards, colored falls
- Bicolor** - Standards and falls different colors
- Bitone** - Standards and falls different shades of same color
- B., Bd.** - Beard
- F. Falls** - 3 lower petals of flower
- haft** - Top of the falls
- Neglecta** - Light blue standards, darker colored falls
- Variegata** - Yellow standards, darker colored falls
- Plic., Plicata** - stippled, dotted or stitched petal edges on a lighter colored ground color
- Reverse** - Any of the previous combinations w/darker color in S.
- S. Stds.** - Standards - 3 upper petals of flower
- HM** - Plants eligible for Honorable Mention 2 years after introduction
- AM** - Plants eligible for Award of Merit 2 years after receiving HM

MYSTIC LACE

(Aitken '90) #84T39; 36"; VE; ((Laced Cotton x Mystique) x Seawolf) One of the first harbingers of TB season, it is also a welcome sight for its many other fine qualities. It is a taller version of Mystique with added lace texture and a distinctive white flash at the white beard. It also adds an extra branch to give it eight or nine buds to extend bloom into midseason. Fertility and extra vigor are just frosting on the cake!

BE HAPPY (SDB)

(Aitken '90) #82M12-9; 9"; ML; RE; 2 buds; (Windbeam x Dixie Pixie) Pale blue/white stds., mid-yellow falls and white beard. This plant was selected for its excellent flower form in spritme. Imagine our surprise when the entire block of seedlings bloomed again in August! And again the next summer! Monty Byers says it is reblooming is little heart out for him down in California. Pod fertile.

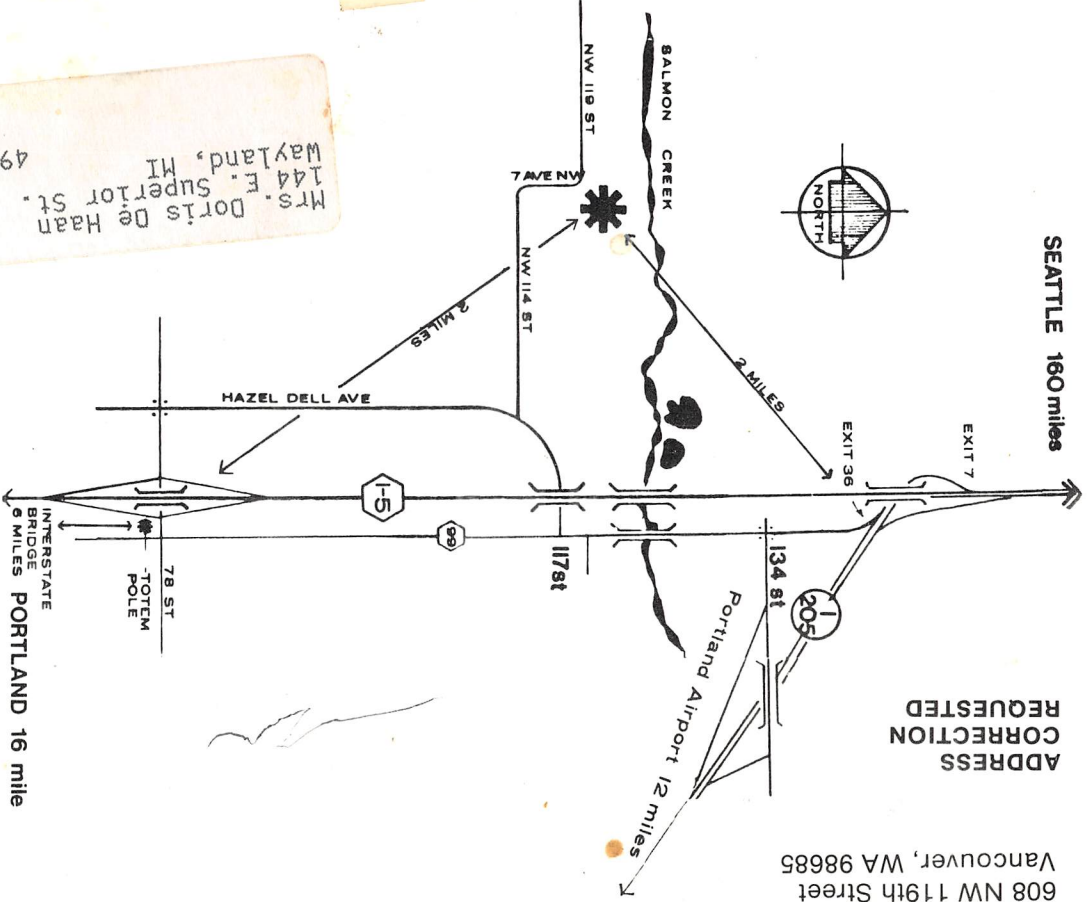

MAUI SURF (BB)

(Aitken '90) #84T25A; 26"; ML; (Memorable x Orbiter) This plant is a spectacular sight in a two year clump when it sends up a mass of swirling bubble ruffles. The surf on Maui's north beach cannot top this performance! Double sockets and ample branching provide an extended bloom season and showstems for the queen's bench. Color is smoothly applied in light blue-violet. Vigorous, well proportioned, healthy foliage makes this plant a welcome addition to the border class.
