COTTAGE  
GARDENS

## ***IN LOVING MEMORY OF FRANCES (GRANNY) AND LARRY GAULTER***

*Cottage Gardens is dedicating this 1992 Catalogue to the loving memory of Frances and Larry Gaulter. As many of you know, for many years Cottage Gardens was located in Hayward, California only a short distance from the Gaulters' home and garden. The visits between gardens, and the support and love and encouragement received from these special people, were invaluable to Cottage Gardens, and the memory of them will continue to be an important part of what we do.*

*The Gaulter daughters were generous in giving Cottage Gardens several notebooks containing Larry Gaulter's hybridizing notes. The volumes detail the crosses that Larry made each year, the seedlings that he selected for shipment to the Cooley's, who introduced Larry's irises for many years, and miscellaneous garden expenses. Other than this information, set forth in list form, there were only a few scattered notes written in Larry's hand providing general observations about iris hybridizing. Apparently paraphrasing an old joke, Larry wrote: "As to my success in hybridizing, I must quote General Custer's report to headquarters, 'We continue to advance without loss of ground.'" Below that comment, Larry wrote a message to his wife: "To Frances, who doesn't suspect that it is she who makes such a tender world of it." Larry was wrong about his hybridizing. He made great contributions to iris breeding. But he was certainly right about Granny.*

*We will miss both Granny and Larry greatly.*

## GREETINGS 1992

Thank you for your patronage last year and your kind letters and phone calls. The excitement is building for the fast approaching iris season; and for several reasons. First, at this time of the year -- the February doldrums, it is easy to get excited about anything iris. Second, the 1991 bloom season was excellent here, the best in recent memory in quality and length, and the prospects of a repeat performance are a great encouragement. Third, we are extremely happy about the recognition that several irises introduced by Cottage Gardens received and it has inspired us in our hybridizing programs and selection of iris. Finally, with the help of Region 14's Jean Erickson, we have worked hard on the 1992 catalog, tinkered with its format, created some cartoons with the help of clip art (the cartoon idea we got from Tell Muhlestein's old catalogs) and added selected iris parentages. We hope that you like the changes.

With respect to the catalog, despite promises to ourselves to cut back on the listing, promises that we make every year, you will notice that somehow over 400 varieties of bearded iris have been added to last year's catalog list for your consideration! Digging and replanting should be fun. Any volunteers? However, the large listing and price variety in the catalog should allow everyone to find something -- the latest introductions, the old reliable, the proven favorite. Stock is pretty good on most varieties, but some of the new ones are in short supply. Remember, we will not make any substitutions without your permission and we will contact you promptly to let you know if stock of a variety is unavailable. But to avoid disappointment, we recommend ordering early. Also, as you know, we are generous with our extras, and your "hints" and "want lists" are appreciated.

In 1991 we made many enjoyable garden visits during bloom time and attended several iris conventions, including the 50th Anniversary Convention of the Society for Louisiana Iris in Lafayette, Louisiana, and the National Convention in Washington, D.C. We also managed to see the latest advancements in iris breeding from Oregon hybridizers. Along the way we met some new friends and rekindled old friendships. The most important part of any hobby is sharing it with others, and we treasure our relationships with our friends and customers.

Our peak bloom season at Cottage Gardens is usually from April 20th through May 10th. You are always welcome to visit the garden; a map appears on the inside back cover. If we aren't home, leave us a note that you came by. Best wishes to all of you.

# 1992 COTTAGE GARDENS' INTRODUCTIONS

## ALASKAN SEAS

(James P. McWhirter, 1992)

TB, 34", E-M, Sdlg. # J85-5-2

A beautifully formed near amoena with standards of cool white over falls of marine blue narrowly edged near white. There is a purple magenta wash lightly applied on the falls. The beards are blue. The flowers are nicely ruffled on well branched stalks with 7-8 buds. Fragrance adds to this arctic beauty. Featured in color in the AIS Bulletin, January 1992. (Blues on Parade x Hilo Shores). \$35.00

## APRIL IN PARIS (Vernon Wood, 1992)

TB, 34", M, Sdlg. # 86-41

A very smooth medium pink self with bright tangerine beards displayed on show stalks. The flowers are of heavy substance with closed standards and wide falls lightly ruffled and laced. Eight to nine buds will extend your bloom season. Featured in color in the AIS Bulletin, January 1992. Vision in Pink x Sdlg 82-38: ((Maio Oui x Carved Pink) x Blushing Pink). \$35.00

## ART NOUVEAU (Virginia Messick, 1992)

TB, 38", M, Sdlg. # M86-6

Deep rose pink of beautiful carved form with matching beards tipped white over a white area which it gets from one of its noteworthy parents, Lorilee. The branching is near perfect, displaying flowers in a classical manner on strong stems, and the heavy substance ensures that it will remain that way for several days. Heavy ruffling and broad falls lend a modern form to ageless elegance. (Lorilee x Gaulter sdlg. involving Foolish Pleasure lines). \$35.00

## DANCES WITH WOLVES (Joanne Loop, 1992)

TB, 40", M-L, Sdlg. # 888-1

Terra cotta maroon standards over maroon falls with a mahogany overlay. Bronze-gold beards add just the right accent on this strong addition to the red class. This first introduction from Joanne Loop was much admired at the Region 14 Spring Regional last year and was voted first-runnerup in the seedling class. While strong and robust, this iris also possesses a gracefulness which reveals to the viewer that, although there was human help in its creation, it is ultimately a product of nature. (Speculator x Spectacular Bid). \$35.00

## DUNSMUIR (Bob Brown, 1992)

TB, 36", M, Sdlg. # 86-36

A new lovely dark red purple self with nicely formed ruffled flowers on excellent branching. These flowers are accented with near white beards adding a stately appearance. Named for the stately mansion, Dunsmuir House, in Oakland, California. (Titan's Glory x Sdlg. # 81-23 involving Night Hawk, His Lordship, White King and Royal Gold). \$35.00

**EVELYN HARRIS** (James P. McWhirter, 1992)

TB, 36", M, Sdlg. # 86-6-1

An extremely ruffled and fluted beauty in light orchid lavender tones. The beautifully formed flowers have matching powder blue beards tipped white. The three way branching plus terminal displays eight buds. The hybridizer considers this to be an exceptional iris and, accordingly, has named it to honor an outstanding member of Region 14 and a good friend of Cottage Gardens. (Winterscape x Hilo Shores). \$35.00

**FIESTA SONG** (Vernon Wood, 1992)

TB, 37", M, Sdlg. # 87-35

A favorite here with garden visitors. The standards of this variety are a unique blend of honey gold violet infused and deepening to tan at the base; the falls have honey gold hafts, a gold rim, and a violet area in the center of the falls. A smoky tangerine beard adds to the festivities. A strong grower and rapid increaser, this iris will be prominent in any garden. (Matinee Idol x Collage). \$35.00

**FUTURE WATCH** (Virginia Messick, 1992)

TB, 36", M, Sdlg. # M87-42

With standards of cool, icy blue white over crisp white falls and pale blue beards this is an iris to watch in the future. The flowers are extremely ruffled and the branching is excellent. This striking beauty has 7-8 buds and has unlimited breeding potential. (Up Periscope x Winterscape). \$35.00

**HOLLYWOOD AND VINE** (James P. McWhirter, 1992)

TB, 36", M, Sdlg. # J85-30-2

Although you are unlikely to find an iris growing at this intersection, one of the most famous in the world, it suggests the excitement expressed by this flower - standards are a light magenta grape blend with the falls having slightly darker shades and veining, and featuring blue violet beards. Nicely ruffled, on good branching, don't miss this iris while touring the homes of the stars. (Ensemble x Noble House). \$35.00

**SPEED LIMIT** (Larry Lauer, 1992)

TB, 38", E-M & RE, Sdlg. L88-48-1

A zonal pattern in a rebloomer! This is one of the best zonal patterns to date, surrounded by tones of medium blue and sporting white beards. The flowers are ruffled and fluted and nicely flared. It is a reliable rebloomer in our climate but untested in other climates and thus is introduced here for its stunning spring bloom. SPEED LIMIT was awarded an EC at the Region 14 Regional last spring in Santa Rosa, California, and should be a winner at future show benches. (Up Periscope x Marine Luster). \$35.00

## 1992 ORDERING GUIDE

Minimum Order: \$20.00. All orders acknowledged upon receipt.

Postage & Handling Charges: \$3.50. United Parcel Service is used whenever possible. If you prefer an alternate method of shipment, please send sufficient funds to cover postage and we will accommodate your alternate choice of shipment.

Payment: To be made at time of order by check or money order. Foreign orders please use International Money Order.

Shipping Season: Late June, July & August. Specific shipping dates will be honored if at all possible. We recommend early shipping to colder climates. Orders will be accepted until August 24, 1992. Although we have a reputation for being softies about this deadline, please contact us prior to ordering after this time period.

Substitutions: Made only with permission. We will contact you if sold out of a variety, but a substitution list from you is helpful. In the absence of a list of alternates, we will substitute only with newer or more expensive varieties.

**EXTRAS:** Lots, and with each order. The reputation of Cottage Gardens has been made on sharing generously and you won't be disappointed.

Warranty: Please notify us at once of any discrepancy in your orders, or if you are not completely satisfied. Your patronage is extremely important to us. Cottage Gardens offers a select (though growing) list of the finest tall bearded and median iris in commerce. The plants are guaranteed to be true to name, and to be healthy plants when you receive them. We will replace at no charge plants which do not live up to the terms of this warranty.

Gift Certificates: For the irisarian who has everything. Available in any amount of \$20.00 or more which we will send, along with our catalog and gift card, to the lucky person of your choice.

Mailing List: If you know of anyone who you think would like to be included on our mailing list, please drop us a note or jot the name and address on the back of your order sheet, and we will be happy to send the person a current catalog at no charge.

**JOIN THE AMERICAN IRIS SOCIETY:** Membership includes the illustrated quarterly Bulletin and inclusion in national and regional iris activities. Membership is \$12.50 per year (\$30.00 triennial) payable to the American Iris Society. For new members, include a check with your order and we'll surprise you with one of our new introductions as a gift for joining AIS.

January, 1979

GREETINGS,

Once again it is time to greet our friends and customers. Thank you very much for your orders last year and your cards and letters. As we continue with the iris, we find the correspondence as rewarding as the growing of our favorite flower.

Last Spring many of you visited our garden during the National Convention. We certainly enjoyed having you and please come again anytime you can.

Our 1979 introductions appear on the following pages and are featured in both the Winter 1979 and Spring 1979 A.I.S. bulletins. If you have any questions regarding them, please feel free to write.

This year we will ship U.P.S. wherever possible, or otherwise as you request.

Our EXTRA POLICY will remain as in previous years: on orders up to \$25.00 we will choose 50% extras (your hints welcomed); on orders of \$25.00 or more you may choose 100% in extras. (NET varieties and starred\* items not available as extras). Please list alternates for us, as with this generous offer, we do sell out of items, and an alternate list will help us so much.

We will not substitute without your permission, and immediate refunds will be sent on sold out varieties.

We acknowledge all our orders upon receipt. Please order early this year, so we won't have to disappoint you with the sad news of a sold out item. Special bonus iris again this year on all orders received prior to May 1st, 1979.

Our shipping will begin July 1, 1979 and continue through August 31, 1979.

All our plants are guaranteed to be true to name, and to be healthy plants when you receive them. We cannot be responsible for your growing conditions. If you have any problems, please let us know immediately and we will gladly replace the iris, stock permitting.

Thank you again and HAPPY IRIS SEASON for 1979.

COTTAGE GARDENS PRESENT THE 1979 INTRODUCTIONS

CHIPPENDALE (Donald Denney, 1979). TB, VL, 36"

The ruffling and heavy substance for this brown toned iris are reminiscent of the intricate carvings that are a distinguishing feature of fine antique Chippendale furniture. This colorful beauty begins its bloom very late in the season and its blossoms have the heavy substance necessary to withstand the heat of the late Spring. The basic color of this blend is terra cotta, the color of clay flower pots, brightened by a golden infusion at the hafts and a delicate violet accent below Indian yellow beards. The eight to nine flowers are displayed in balanced proportion on 36 inch bloomstalks with three branches plus terminal. The blossoms are not overly large, but are very fragrant. These qualities make the iris ideal for use in the home in arrangements or mixed bouquets. SDLG.# D72-136-1: Gala Madrid X Gaulter SDLG.# 68-593:(Laurie X San Leandro).....\$25.00

GRANDMASTER (Bob Brown, 1979). TB, M, 36"

This purple self is the best of many blue-purple seedlings from crosses made with an outstanding blue seedling out of White King X Royal Gold. This one, using His Lordship, has many flowers on tall, well branched stalks. A medium dark purple self, it has bronze beards with the outer half tipped purple. SDLG. # 7153: ((White King X Royal Gold) X His Lordship)).SDLG. # 75-10.....\$25.00

LAST DANCE (James McWhirter, 1979). TB, M-L, 34"

A sister to the popular iris Tequila Sunrise but completely different. The upright standards are near pink with peach infusion, topping falls of pale orchid-lavender which are decorated with bright tangerine beards. The flowers are large, perfectly in proportion to the size of the bloom stalks, foilage, etc. The standards are straight up with lots of substance to assure you the beauty of the flower will remain until the last dance. ((Amigo's Guitar X Gaulter SDLG.# 68-593:(Laurie X San Leandro)).....\$25.00

MIDNIGHT LOVE AFFAIR (James McWhirter, 1979). TB, M-L, 34"

A new and exciting blue toward the purple side, with very intense coloring. The flowers are extremely ruffled, on well branched stalks, usually supporting eight buds. The falls are set off by light violet beards to further add to the allusion of a Midnight Love Affair. (Skylab X Dream Lover).....\$25.00

MUTED MELODY (Bob Brown, 1979). TB, M, 34"

Well received at the 1978 AIS Convention under SDLG. # 73-20, this creamy tan has a light lavender overlay. The beards are cream with a lavender tip. Described in the Summer 1978 AIS Bulletin as a "pale ivory with a mysterious cast of lavender blue on the falls", Muted Melody has a large flower on well branched stalks and is a good grower. SDLG. # 7133: ((Commentary X (Rippling Waters X Claudia Renee)) X SDLG. # 7111: ((Madamoiselle X Merry Lynn) X Commentary) X Caro Nome)). HC'78. ....\$25.00

REGENTS' ROW (Donald Denney, 1979). TB, E, 38"

The clear medium blue flowers are borne on stalks as stately and sturdy as the columns of the grand mansions on Regents' Row. The bloomstalks usually have four branches plus terminal and frequently display three open flowers at one time. The large gentian blue flowers (RHS 94D) are broad, flaring and ruffled and are accented by blue-white beards tipped yellow in the throat. Plant habits of this sturdy grower are excellent. SDLG. # D74-22-3: Pop O Sha X McWhirter SDLG. # J71-27: (Sterling Silver X Babbling Brook). HC'78.....\$25.00

SKY JACK (John Nelson, 1979). TB, M-L, 35"

A new and exciting variety for the Neglecta class. The standards of this beauty are light sky blue, topping falls of royal blue set off by beards of cream yellow. The flowers are very large, with heavy substance well spaced on strong sturdy bloomstalks. Each flower is extremely wide and ruffled and insures a long period of bloom. This iris was well received at the 1977 AIS Convention in Memphis where it received 26 votes for its HC. SDLG. # 13-69A (Skywatch X Apropos).....\$25.00
