Greetings . . . to our iris friends for ninety-two

Again in 1992 we have the pleasure of bringing you our little catalogue listing over 1000 varieties, including many of the newer iris along with the older favorites.

We thank all of our old customers and hope to hear from you again. To our prospective new customers, try us and see the quality of our large rhizomes. We will do our best to please you. You are always welcome to visit our gardens. Peak bloom usually between May 25th and June 8th. Catalogues will be sent 2 years after the request or last order.

Included in our catalog this year are a list of Irises grown by LILA and MIKE KRATZER - Prairie Promise Iris Garden. They expect to take over our Irises in the near future. They live several miles northeast of us and have been helping part time in our garden for several years. The irises are grown in new ground and are top quality rhizomes.

Best buy for iris orders in September would be SURPRISE PACKAGES for \$25.00 or more plus handling and postage. Value or list price would be at least 3 times amount sent, depending on supply. Most of the replanting is done in August. By the end of August all that is left are plants held back for late sales.

Gift certificates available.
