

MARYOTT'S GARDENS

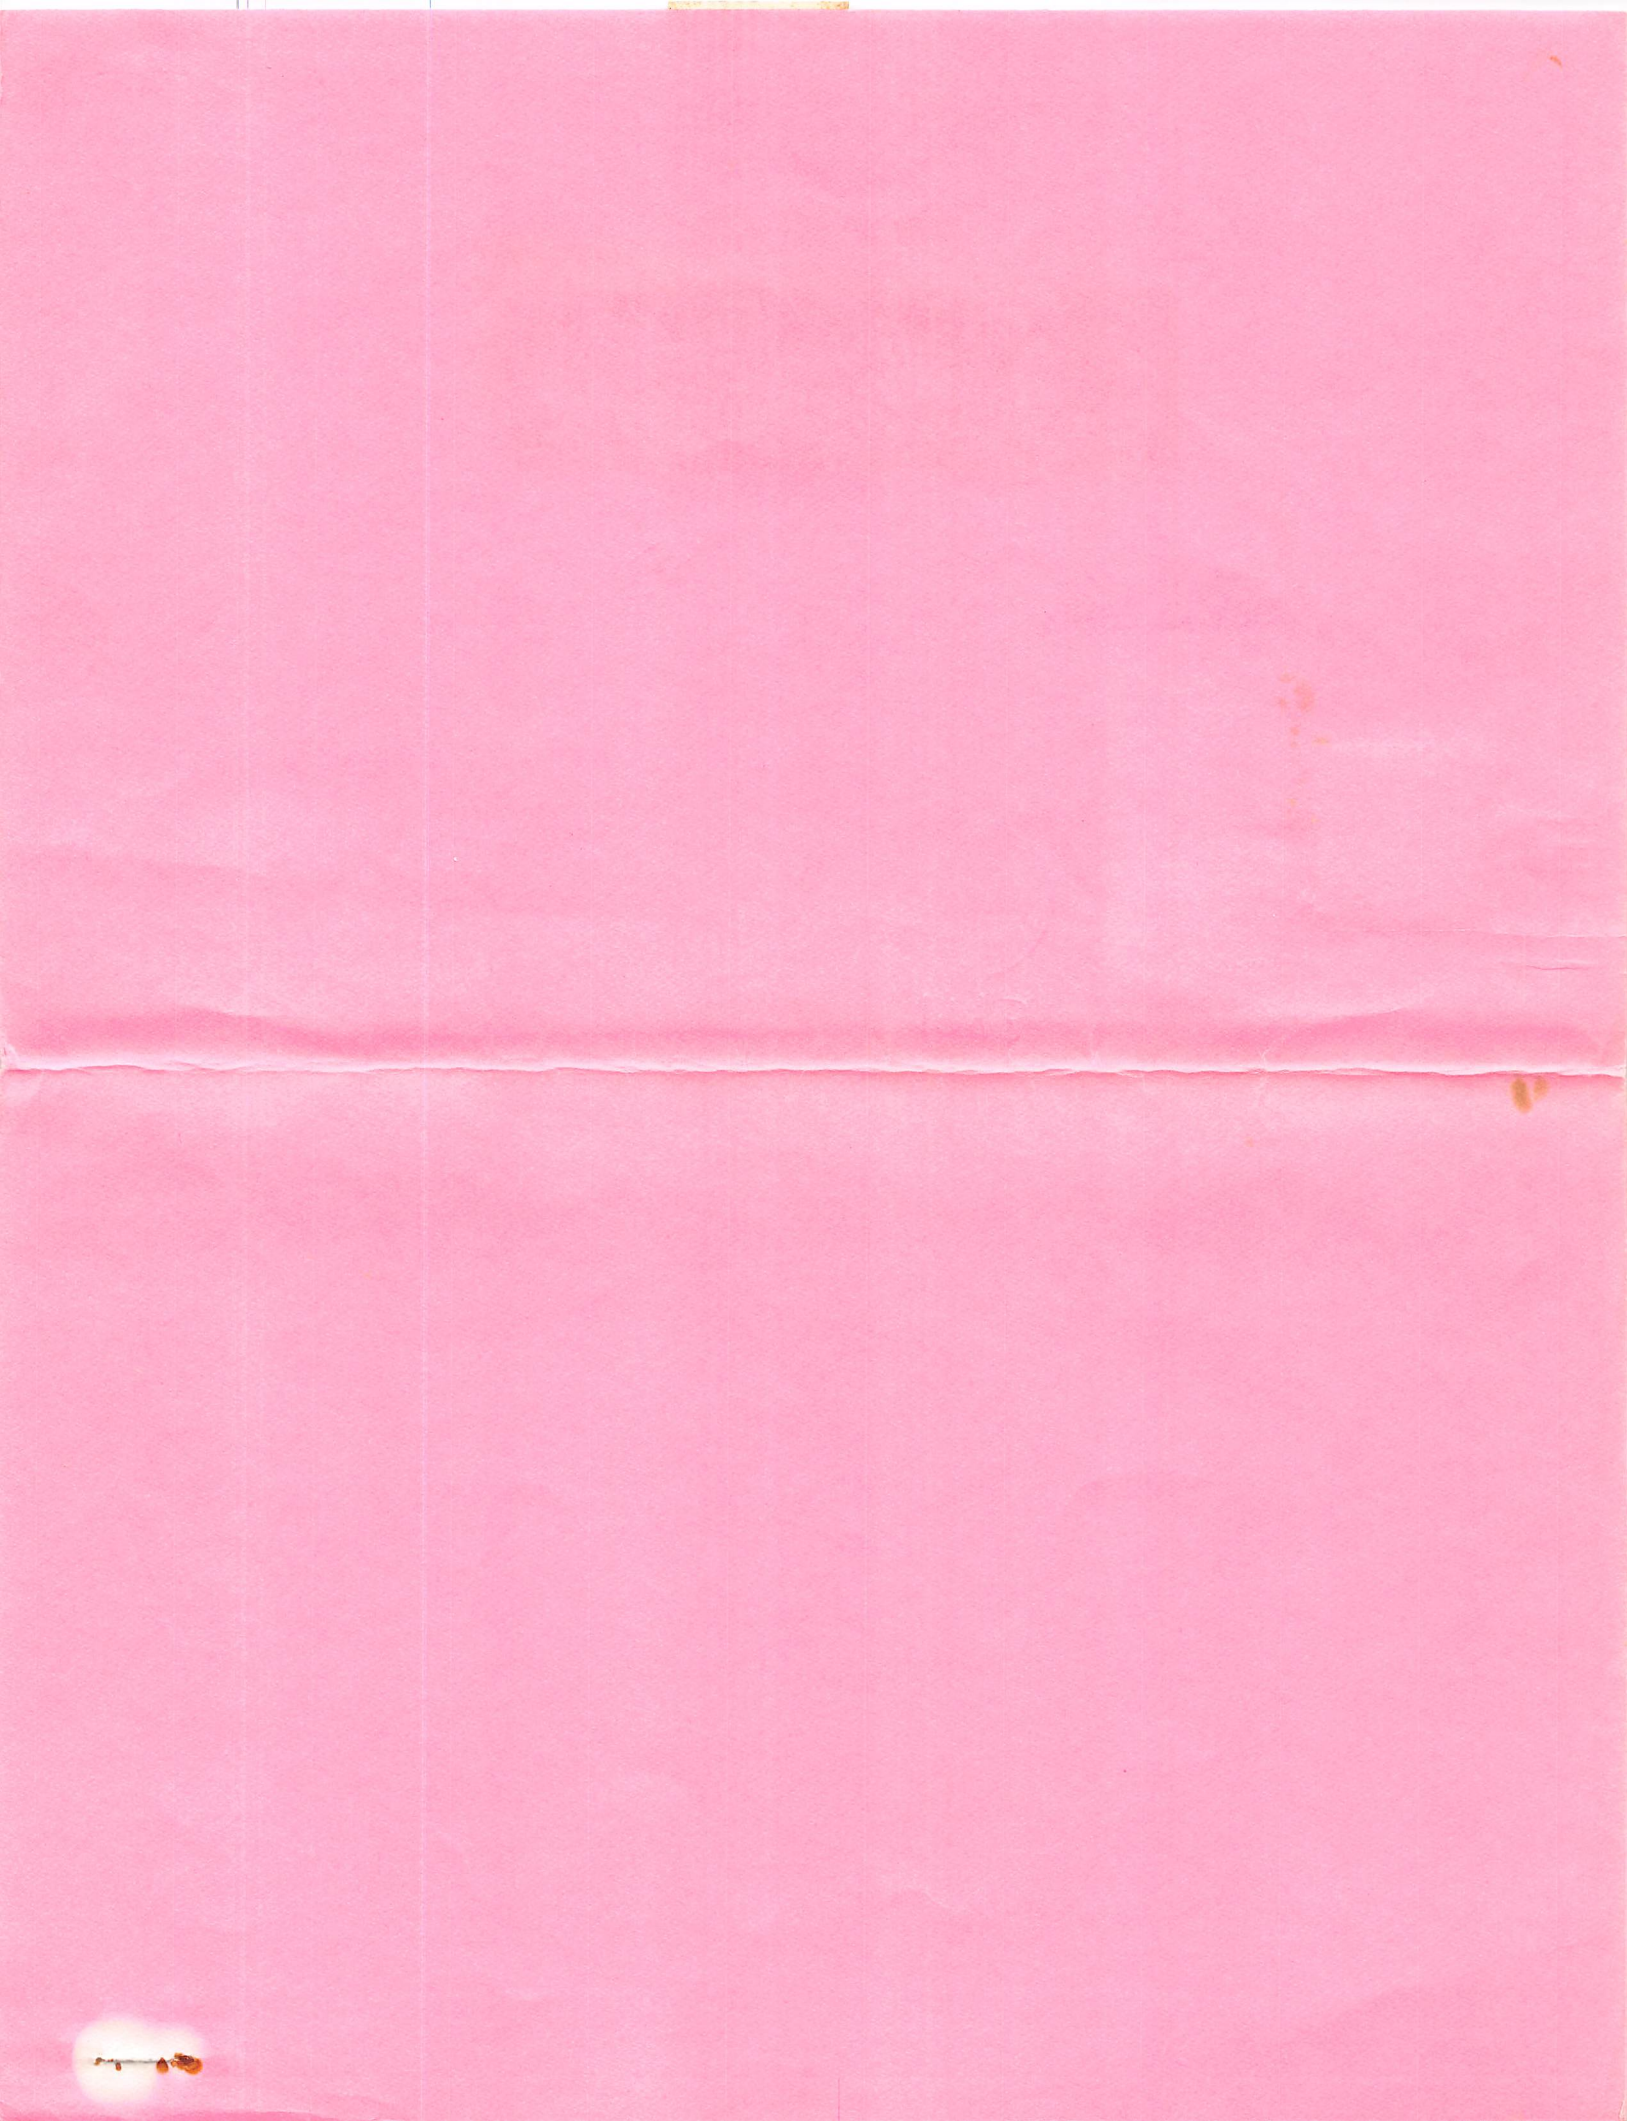

1073 BIRD AVENUE, SAN JOSE, CA 95125

1993

FIRST CLASS

Dear Gardening Friends,

As this is being written in early 1993, the California drought appears to be over and our plants are growing better than we ever remember.

As many of you know, we have had a commercial iris display garden in San Jose for some sixteen years. Our focus has primarily been to provide varieties the public would like. Our mail order business has been largely directed to iris enthusiasts who are looking for the latest and newest varieties. Consequently we grow both garden favorites and the newest. As most of you know, it is very difficult to accurately describe each iris. We hope to provide even more information in our catalog in the future. This year we are listing a few antique iris, some of which are very scarce, as well as a thorough collection of fine new rebloomers. Rebloomers are iris that repeat bloom in mild climates, a trait that is perhaps the most important feature in iris hybridizing today.

We are pleased to be able to respond to your request for more medians. Here you will find a wide variety of heights and colors for standard dwarfs and intermediates to encourage you to add medians to your garden. They are the harbingers of Spring and will whet the appetite for what is to follow.

Once more we want to say many thanks for all your orders and the nice comments we have received. Without our customers we would not be here to serve you. If you have any iris questions, we are here to help. We look forward to serving you. Enjoy!

Bill Maryott and Marilyn Harlow

#### **TO ORDER**

Please use the order form provided. The minimum order is \$15.00 plus shipping and sales tax where applicable. (Sales tax applies only to deliveries in the state of California.) Payment may be made by check, money order, VISA or MasterCard. Your cancelled check will be our acknowledgement of your order. Plants are shipped via UPS.

#### **SUBSTITUTIONS**

Considerable effort is taken each spring to maintain accurate counts and to list only those varieties for which we can meet the expected demand. Since we cannot guarantee a variety will not sell out, we recommend a list of substitutes for late orders. We WILL NOT substitute without your permission.

#### **GUARANTEE**

We guarantee everything we sell. Should you lose a cultivar, please let us know when you place your order the following year and we will include it, or a similar variety, in your package.

#### **SHIPPING SCHEDULE**

We begin shipping July 1st and continue through the middle of August. Orders are shipped in rotation as received but you may choose either July or August if you wish. No orders can be accepted after August 15th. July shipments are recommended for colder climates. Blue Label is available for an additional charge of \$.50 per plant but is usually unnecessary.

#### **CUSTOMER SERVICE**

If you have questions about your order, or problems with your iris feel free to call us. Our number is (408) 971-0444 8 a.m. to 10 p.m. Pacific time. During peak bloom you may reach our answering machine during daylight hours.

#### **VISITORS**

You are welcome to visit the display garden during bloom season, which is mid-April to early May. If you live within driving distance, or plan to be in the Bay area during bloom season, please give us a call to determine bloom status. Our one acre display garden is located BEHIND 1069 Bird Avenue in San Jose. To reach our garden take the Bird Avenue exit from Highway 280 in San Jose and go south eight blocks. We are on the right. We are open every day of the week 9 a.m. to 6 p.m. during bloom season. Groups welcome.

### 1993 INTRODUCTIONS

Twenty-one years ago we started our hybridizing program. This year we are pleased to offer the following new cultivars for your enjoyment:

**102 DANCE HALL DOLLY (Maryott 93)**

TB, 38", M. The standards are light violet (RHS 84A) and the falls deep velvety violet-maroon with a prominent violet band. The beards are bright orange. The flowers are very large and ruffled. The stem is strong and erect with at least seven buds. This iris has more fanfare and anticipation in the garden than any other cultivar we've made.

Sdlg. LDHD. Parentage unknown.....\$35.00

**106 JUAN VALDEZ (Maryott 93)**

TB, 37-38", M. Heavily ruffled rich medium brown with slight lavender flush and golden beards. Fades to a smoother, lighter shade of brown. The heavy ruffling and wide modern form makes this a true garden standout.

Sdlg. H113A. Honey Mocha X Coffee House.....\$35.00

**103 PURE AS GOLD (Maryott 93)**

TB, 34", E-M-L-RE. Bright, smooth, sunfast, deep gold with heavy ruffling and fluting. Appears to be a nearly everbloomer here in San Jose. The stem is well branched with adequate buds.

Sdlg. N135D. Radiant Energy X Sound of Gold.....\$35.00

**234 RUBY TUESDAY (Maryott 93)**

SDB, 10", M. The standards are medium-brown and the falls a deep velvety red-mahogany with a precise medium-brown rim. The form is excellent and almost identical to its parent JAZZAMATAZZ. To our knowledge, this is an entirely new color in Standard Dwarfs. We consider this our best SDB to date.

Sdlg. P138P. Jazzamatuzz x Logo.....\$10.00

**104 SILKEN SHADOWS (Maryott 93)**

TB, 37", M. Standards are light blue-violet and the falls are deep velvety blue-black with a fine rim of light blue-violet. The beards are dark bronze. This iris is an attempt to create a modern version of the everpopular TWIST OF FATE.

Sdlg. LTOF. Bred from F2 Twist of Fate Sdlg.....\$35.00

**107 SPECIAL FRIEND (Maryott 93)**

TB, 36", M. Standards are greyed red (RHS 182B) over yellow ground. The falls are deep yellow-orange (RHS 162A) with precise purple (RHS 187C) plicata markings on the hafts and shoulders. The precise plicata markings near the beards enhance this unique cultivar.

Sdlg. M137C. Gigolo X (Rustic Dance x Beyond).....\$35.00

**105 SUNNY BUBBLES (Maryott 93)**

TB, 38", M. A bright medium yellow with slighter lighter center and self beards has a pronounced sweet fragrance. The very heavy fluting and ruffling of this flower made it stand out over all the other seedlings during its maiden bloom in 1989. We have been most pleased with its growth and increase.

Sdlg. P132BST. Radiant Energy x Blowtorch.....\$35.00

Special offer on Introductions: You may order one each of our seven 1993 Introductions for \$145.00 NET. No additional gift iris, or other discounts apply to this special offer.

THE AMERICAN IRIS SOCIETY

The American Iris Society provides an illustrated quarterly bulletin loaded with good information on iris. You may join by including a separate check with your order made out to THE AMERICAN IRIS SOCIETY for \$12.50 single annual membership. NEW members to the AIS (not renewals) will also receive one of our new introductions (our choice) as a special gift.
