*****INFORMATION & INSTRUCTIONS FOR ORDERING*****

POSTAGE & HANDLING add \$4.50, plus .25 cents for each plant over 5. (\$5.00 east of the Mississippi). If you'd prefer shipment by air UPS, send \$6.50 plus .50 cents for each plant over 5. Shipment will be by UPS or USPS, unless you request differently, & small parcels will be sent **USPS priority mail**. UPS to the east coast takes about 10 days. Please give a physical address where your order can be delivered, and for UPS include your **telephone number**. If your address is rural, a road name and crossroad, or other directions, should be included. A **P.O. Box** address is not good for **UPS DELIVERY**.

****SORRY NO FOREIGN ORDERS!****

Please include your check with your order. Your **cancelled check** will be your notification that **your order has been received**. **NO ORDERS ACCEPTED AFTER SEPT. 1ST**. we will start shipping **mid July**. Early orders will help guarantee that we'll be able to supply your wants, and you can get **early shipment**. If you need a **certain shipping time**, please state it on your order and we'll do our best to get it to you at that time.

MINIMUM ORDER \$15.00-PLUS SHIPPING & HANDLING CHARGES.

We are very generous with **bonus iris**. Our choice, but give us hints, we'll try to please. With orders over \$100 we will also include one of our **1996 introductions**. An order over \$50 will also be pleasantly surprised.

SUBSTITUTIONS - If we are sold out of a particular variety, we will refund your money, **unless you specify** you would prefer us to make a substitution. If you want us to substitute we will send **newer & higher priced iris** as close to the type you originally ordered as we can. Many iris listed are in short supply, so we hope you list **alternates**. If we can't supply your **first choices**, we'll be very **generous**. **WE AIM TO PLEASE!**

****PACIFICAS****

PACIFICAS will be sent on a separate list after we can evaluate the loss suffered from our more than 41" of rain since Oct. 1st, along with our pipe freezing weather. We planted several hundred dollars worth of new varieties, including all of Ghio's 95's & many of his 96 introductions. I am keeping my fingers crossed that we will save at least some of the newest. This has been a fall and winter we will long remember, and we hope to never see another like it. So many have lost so much, our losses in comparison seem very small indeed!) If you want to receive our list, **send a large, stamped, self addressed envelope**. We'll send as soon as possible.

Many of the iris we have previously listed will not appear in the catalog this year. Duane's sudden & near fatal illness in August cancelled out a lot of our normal fall activities, & a lot of the iris did not get dug & replanted. We hope to do better in 96. If you come to Oregon this coming spring, please stop in, we love to see our iris friends. We want to thank all our old & new customers too. you were all so helpful and understanding last fall., and it meant a great deal to both of us. We hope to keep in good health, and to do a much better job this year.

HAVE A HAPPY AND HEALTHY IRIS SEASON
