VISITING THE GARDEN

Coming from the north - Portland

Take I-5 south and exit at #263, Brooks Exit. Proceed to top of off ramp and turn left onto Brooklake Rd. Go 7/10 mile to stop light in Brooks. Turn right at stop light onto Portland Rd or 99E (they are the same thing). Go 7/10 mile to Quail. Turn left onto Quail. Go 1.1/10 mile to stop sign (Lakeside Dr). Turn right onto Lakeside Dr. Go 4/10 mile and look for Mid-America Garden sign. Go to end of gravel & paved drive to 2 story green house. If gate is closed, punch in code posted on keypad and enter.

Coming from the south-Eugene/Corvallis

Take I-5 north & exit at #260 (Chemawa Rd / Keizer exit). At top of ramp, turn right onto Chemawa & go 8/10 mile to stop light. Turn left onto 99E or Portland Rd. Go 3/10 mile to Lakeside. Turn right onto Lakeside Dr & go 1.5 miles. You will encounter 3 right angle turns and at the fourth right angle turn, instead of turning right, turn left onto gravel drive. You will see a Mid-America Garden sign. Proceed to end of drive to two story green house. If gate is closed, punch in code posted on keypad.

GARDEN HOURS

April 14 through June 5 Friday, Saturday & Sunday 10:00 am to 5:00 pm

Above are the times that the garden will be open for you to come by and look around and find that special plant you have been looking for. You are welcome to visit at other times, but please call ahead and let us know when that visit will be. We are here most of the time, but we want to make sure we are here for your visit. The best time to reach us by phone is later in the evening - Pacific time. There is a lot of ground to cover (slopes included free), so wear comfortable, mud resistant shoes. Please make arrangements in advance for group or club visits.

HOW TO ORDER

PLEASE READ BEFORE ORDERING

This catalog cancels all previous catalog listings and prices. Do not order from catalogs dated prior to 2007. Minimum order \$25.00 plus packing and handling. Full payment with order by check, money order or credit card. Credit card purchases will be charged when we receive your order.

SUBSTITUTIONS & REFUNDS - Supplies of plants are limited to available stock. We will not substitute without your permission. A list of acceptable substitutes is suggested, particularly if ordering later in the season. Some of the newer varieties are in short supply, so **PLEASE ORDER EARLY**. You will be notified immediately on out of stock varieties unless you have provided a list of substitutes.

GIFT PLANTS - Please select GIFT plants from our BONUS OFFER listing on page 38. These bonus plants are the same high quality as other introductions but increase is even more abundant, thus allowing us to offer them to you as our "Thank You" for your order.

ORDERING & SHIPPING DATES - no orders shipped prior to these dates.

Order Cut Off Date Shipping Dates

Bearded Iris.....Aug. 25July 2 to Sept. 5

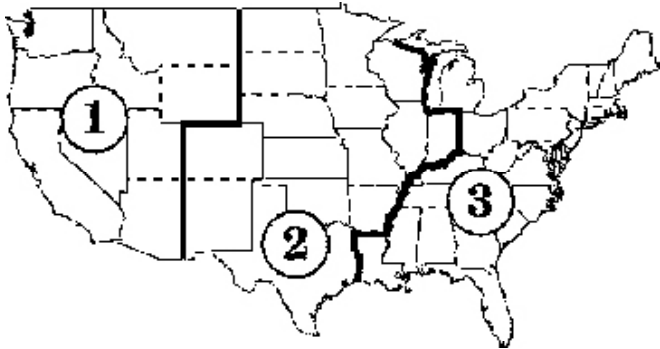

SHIPPING - Because of steep increases in Priority Mail rates, we will ship by UPS GROUND unless you request shipping by Priority Mail or UPS 3 Day Select and additional charges are paid. Priority or UPS 3 Day Select add \$1.25 per plant to charges below. ie. per plant charge for zone 1 is \$1.75.

ALL orders must include \$8.00 packing charge plus per plant shipping charge.

	ZONE 1	ZONE 2	ZONE 3
PACKING CHARGE +	\$8.00	\$8.00	\$8.00
PER PLANT CHARGE	\$.50	\$.60	\$.70

Example: 10 rhizomes in Zone 2 would be \$8.00 Packing + \$6.00 (10 plants X \$.60 per plant) = Total \$14.00. Packing charge covers cost boxes, packing material, & our time to pack & ship the plants.

ZONE CHART

GUARANTEE - All plants are freshly dug, labeled true to name, and healthy when shipped. If there are any problems, please notify us within 10 days of receipt of shipment and we will replace any plant that you are not happy with. We can't be responsible for your climate or growing conditions.

GIFT CERTIFICATES & CLUB ORDERS - See page 38.

CATALOG

Our catalog is issued yearly. We love having you on our mailing list. Because of the expense of producing and mailing a catalog, we need to know that you want to be there. If we haven't heard from you in two years, we will regretfully let your name be deleted from our list. After that, we ask that your catalog request be accompanied with \$5.00.

GARDEN CHIT CHAT

The great writer, Marcel Proust, wrote "Let us be grateful to people who make us happy; they are the charming gardeners who make our souls blossom". These are wonderful words that express with precision what we feel in our hearts. You are the gardeners who make our souls blossom.

Although we are sometimes frustrated that the demands of the iris business leave too little time to nurture our relationships with our gardeners, we still feel privileged that you let us be a part of your world and you a part of ours. Each spring we look forward to the return of long-time friends and customers and the cultivation of new ones. The theme song from a television sitcom sums it up, "Thank You for Being a Friend". We also thank you for your continued support of Mid-America Garden.

The American Iris Society National Convention was held here this spring and Mid-America Garden was one of the gardens where guest irises were planted and viewed. Unfortunately, that viewing took place in the rain. After all, it is the Pacific Northwest. Although bloom was well past peak and those that were open were pretty water-logged, most everyone enjoyed getting to visit and look at all the other plant material that surrounded them. The hostas certainly weren't minding the rain and looked spectacular. It is a bit like iris shows when your "Queen of Show" bloomed two days early; the week before convention was dry and bloom was spectacular.

The "Kodak" moment of the convention was my great niece, Averi, using the John Deere gator to taxi attendees around the garden. She is the best! Another perfect picture was having three generations of the women in my family present; sister, Lois; her daughter, Cheryl (and Cheryl's husband Steve); their daughter, Averi. They took over responsibility for refreshments and made it possible for Thomas and me to visit with guests in the garden easily. Thomas's Mom, Sheila, and Dad, Bill, were also here and did whatever needed attention at the moment. Thank you also to many other friends who pitched in and helped before, during, and after convention. THANKS!

With all the preparations for convention and then convention and rain, it was very difficult to make seedling evaluations and selections and also to make pollinations to carry on all the various lines we have going. I have the fewest number of crosses I've had in a very long time, but as Martha Stewart would say, "that's a good thing". It forces me to cull down previous selections to those that will be introduced and the remainder can be composted. Thomas had a more normal amount of crosses owing to the fact he was planting seed he created in Australia the previous year. Speaking of Australia, I will have a large number of seedlings blooming this spring from my venture three years ago to the "Blyth Candy Store" in Australia. Drop by and see what the newest flavor might be.

I looked at previous Chit Chats and there seems to be one unrelenting theme - CHANGE. Paul sold his house in Keizer, moved back to the garden, had a house on a property adjacent to the garden gutted and made into a new house and finally moved into it in early December. The biggest change affecting the garden is discontinuing the sale of Siberian Irises. There is only so much energy to go around and so cuts have to be made in order for us to keep providing an acceptable level of service. For the first time, we employed someone to help dig your orders. It wasn't an easy decision but California transplant, Heidi Hooper, made it a more comfortable transition because of her enthusiasm, prior association with irises, and conscientious and careful work ethic. We are looking forward to her help and cheerful smile again this summer. Like most everyone, we experienced "weird weather" this year. High winds toppled the 100 foot oak that was close to Kirk & Thomas's house. What a mess they had to clean up. You'd never know it was gone but the hostas that resided under it will.

We are always excited when various awards are reported and Mid-America varieties have fared well. We strive toward an excellence that we are happy with and we are grateful for your reinforcement that we are at least somewhere on the right track. Thank you for taking your time to grow and evaluate our work. Paul's 'Tom Johnson' was runner-up to the Dykes Medal and Tingle (MDB) was runner-up for the Caparne-Welch Medal. Award of Merit winners were, (TBs) Awesome Blossom & Announcement; (IB) Devil May Care; (SDBs) Cat's Eye and Puddy Tat.

Honorable Mention was awarded to (TBs) Doodads, In Living Color, High Class, Evening Drama, Intimidator, Mountain View, & Don't Touch; (BBs) Be My Baby & Dear Diary; (IB) Spiced Peaches; (SDBs) Amusing, Attack Cat, Baby Soft, Cliche, Exotic Aire, Folk Art, Glamour Cat, Invisible, Island Sun, Pookie, & Zap. In international competitions, Paul's Light And Shadow placed 2nd in Russia and High Class placed 3rd, and in Florence, Italy, High Class placed 2nd.

Thomas's awards include Award Of Merits (TB) Hook, & (BB) Border Control. Honorable Mention was awarded to (TBs) Brussels, Mythology, Blackberry Tease, & Warranty; (SDB) Plum Twist. Mythology was 3rd place in Florence, Italy. Paul Black debuted on the AIS Symposium of top 100 favorite irises at an amazing # 40 spot.

May your gardening bring happy days filled with friends & flowers. Paul Black & Thomas Johnson

2006 IRIS INTRODUCTIONS

by Thomas Johnson

ASTROLOGY - TB, 33" (84 cm), Early. Standards are buff-pink with red-violet wash up centers and edged with a narrow crystalline band. Falls are dark wine-purple with large white veined and mottled centers and hafts. Narrow white margins are stitched and mottled wine-purple. Beards are pink-mauve. **ASTROLOGY** really stands out in the garden. Sdlg. TU22B: Confidante X Crazy For You ifc \$50.00

ATTRACTIVE LADY - TB, 34" (86 cm), Late. Ruffled and laced standards are peach flushed apricot up midribs. Styles are darker apricot. Falls are white w/ greenish gold texture veins, deep apricot hafts and narrow peach bands. Fall reverses are buff-peach. **ATTRACTIVE LADY** is taller and grows more vigorously than Santa. Makes a very pretty clump. Sdlg. TU114B: Notable X Santa ifc \$50.00

BALLET PERFORMANCE - TB, 34" (86 cm), Early. Standards are white almost completely sanded and washed deep lilac-rose except in their centers. Styles are honey with buff-pink crests. Wide stark white falls have narrow lilac-rose plicata bands with paler dotting inside them and darker hafts. Beards are tangerine over a white base. From a distance, **BALLET PERFORMANCE** appears as a rose pink and white plicata. Strong, vigorous growth produces lovely show stalks. It should be a super parent. Sdlg. T94D: Master Plan X I've Got Rhythm 24 BONUS

BARBARA MAY - TB, 35" (89 cm), Midseason. This lovely iris is being introduced to honor **BARBARA MAY**, the incoming president of National Garden Clubs. Lavishly ruffled snow white standards and falls have medium purple plicata bands around them. Purple styles are a fitting accent. It produces superb show stalks. Sdlg. TU74A: Heaven's Edge X Unknown 2 \$50.00

CLEAR CHOICE - TB, 32" (81 cm), Very Early. Glaciatas with acceptable plant habits have been hard to come by. **CLEAR CHOICE** overcomes these problems and is beautiful too. Pink standards blend to peach margins. Falls are the same with paler pink patches around light creamy tangerine beards. White center stripes descend from the beards. Styles are darker peach-apricot. With all the rain last year and the year before, **CLEAR CHOICE** proved to be very rot resistant. Hopefully it will pass this on to its offspring. Sdlg. TW109A: Lonely Hearts X (Fancy Dress x Progressive Attitude) 2 BONUS

DREAM TEAM - TB, 35" (89 cm), Early-Midseason. The exceptional quality of its parents is evident in **DREAM TEAM**. This is about the most vigorous iris we grow and foliage is clean and disease-free. White standards heavily overlaid with fine citron veins appear as pale lime-citron. Falls are darker citron-lime with paler centers and darker texture veining. Fantastic show stalks easily open three blooms at once. **DREAM TEAM** has one pink and one blue parent and should be a solid breeder for pinks with much stronger plant habits than most currently available. Sdlg. TW64A: Social Event X Sea Power 24 BONUS

DRIVE ME WILD - TB, 35" (89 cm), Midseason. Standards and styles are medium blue-violet. Style crests are veined darker. The upper two-thirds of the falls is white heavily overlaid with mottled veins and streaks of dark purple. Outer third is solid dark purple with a very narrow band of medium violet around their margins. Beards are multi-layered muted tangerine. **DRIVE ME WILD** makes a very showy clump. Sdlg. T31B: Crazy For You X Dream of Gold 24 \$50.00

FALL FASHION - TB, 33" (94 cm), Late. Heavily ruffled and laced standards are medium orange with pink infusions around midribs. Lacy styles are dark orange. White falls have heavily encised green-gold texture veins. Amber-gold hafts blend to wide yellow-gold edges and narrower lacy margins around lower edges. Bright orange beards insure **FALL FASHION** won't be overlooked in the garden. Strong growth and show stalks are the norm. Sdlg. TU346A: Unknown 2 \$50.00

HEART OF GLASS - TB, 32" (81 cm), Late. Heavily ruffled and laced flowers have clear medium pink standards with no peach or coral tones. Styles are darker coral pink. White falls have greenish texture veins over their centers with hafts and diffuse bands of clear medium pink. Beards have white bases overlaid soft tangerine. A totally lovely and feminine creation with well branched show stalks to properly display these beauties. Sdlg. TU163A: Social Graces X Frosting ifc \$50.00

I'M BACK - TB, 34" (86 cm), Early-Midseason & Rebloom. I'M BACK sets a new standard for form and color in reblooming irises. Not only will you love seeing it the first time, you'll long for it to return, and it will. Standards are medium lilac with rich dusty rose centers and along upper margins which are covered with a fine network of burgundy veins. Styles are dusty rose with crests veined dark burgundy. Falls are velvety black-cherry with paler rims and adorned with dark root beer beards. Each flower is well-formed and elegantly ruffled. Sdlg. TU7A: Brazilian Holiday X Romantic Evening fc \$50.00

INK PATTERNS - TB, 36" (91 cm), Midseason-Late. Exuberantly ruffled white flowers have indelible inky blue stitched plicata bands around falls. Standards have wide washed and stitched plicata bands with dotting inside them and lines up midribs. Styles are wonderfully contrasted, inky, dark indigo. A clump of INK PATTERNS in the garden is unforgettable. It is sure to catch the judge's eye at shows. Sdlg. TW81B: American Classic X Royal Estate 1 \$50.00

KISSED AT DAWN - TB, 37" (94 cm), Late. White standards have a lovely translucent quality. Centers are bright yellow and also veins that extend to the edges. Wide translucent white falls have greenish texture veins, bright gold-yellow hafts and muted yellow bands around lower third of fall edges. Bright orange-yellow beards are big and bushy. The form of KISSED AT DAWN is quite different with falls looking like big hoop skirts. Standards are swirled with very prominent midribs. It is a total show-stopper in the garden. You won't soon forget these kisses. Sdlg. T210B: Country Dawn X Santa 5 \$50.00

LACED CREDENTIALS - TB, 34" (86 cm), Late. LACED CREDENTIALS is "the one" so many asked about and admired during the AIS convention - "the one with the beard". The catalog shot doesn't begin to do it justice. It is rather difficult to photograph. Ruffled and laced flowers are medium violet-blue with much paler pearl-violet centers around wide, fat, heavily saturated mustard gold beards. One hardly notices the rest of the flower with such imposing beards. Super branching and growth plus a lovely sweet fragrance make this a standout. Sdlg. T241A: Keep Your Cool X Fundamental 5 \$50.00

LECTURE - TB, 39" (99cm), Late. Very pretty, moderately ruffled flowers have medium violet-blue standards that blend paler toward edges. Plush, dark violet-blue falls have narrow pale violet rims. The entire haft is plum with muted white mottled rays around vivid, dark tangerine-orange beards. From its parent, Paul Black, it receives a strong, spicy fragrance. Superb show stalks. Terrific breeder for darks with orange beards. Sdlg. TW179B: Paul Black X (Tom Johnson x Romantic Evening) 1 \$50.00

MILAN - TB, 31" (79 cm), Late. MILAN is quite simply perfection of form and color. Each piece is exquisitely crafted and presented as a fine work of art. Standards are full, round and heavily ruffled. Prominent midribs are pink blending to wide butter gold margins. Styles are darker apricot. Circular falls are warm white with wide buff-peach hafts merging into narrow lacy bands. Greenish gold texture veins are the perfect complement. Flaming coral beards aren't shrill but add a warm glow to the ensemble. Vigorous growth and superb show stalks! How could a judge resist? Fabulous parent. Sdlg. TU115A: Notable X Tropical Magic fc \$50.00

MUSIC LESSON - TB, 34" (86 cm), Midseason-Late. Ruffled, stark white standards have glistening crystalline rims. Wide lavender-blue falls have almost imperceptible, grayish violet sanded veins and narrow bands. White patches around big orange beards have greenish texture veins. MUSIC LESSON has strong show stalks and robust growth. Sdlg. TW107B: Last Laugh X Kind Hearted 24 \$50.00

ORIGINAL CAST - TB, 34" (86 cm), Midseason-Late. Ruffled and lightly laced standards are pastel buttery tan with centers infused soft tan-pink. Falls are smooth pale buttery peach blending to white in their centers that are overlaid with greenish texture veins. Luscious melon-coral beards make this an ORIGINAL CAST indeed. Superb plant habits and stalks. Sdlg. TU62C: Heaven X Fogbound 1 \$50.00

PACIFIC FIRE - TB, 41" (104 cm), Early. Moderately ruffled flowers are rich violet-blue with a slightly bluer patch around fiery, fully saturated orange-red beards. PACIFIC FIRE makes an imposing clump full of well branched and budded show stalks. Growth is strong and clean. Great parent for strong red to orange beards. Sdlg. TU253A: Paul Black X Stately Art 5 \$50.00

PURSUIT OF HAPPINESS - TB, 36" (92 cm), Midseason. PURSUIT OF HAPPINESS makes such a pretty clump in the

garden. Icy white standards have very light touches of lavender and styles are similar with a bit more lavender. Wide, crisp white falls have greenish texture veins and wide, dark lavender blue bands that are solid around edges and becoming a paler wash inside the bands. Large orange-yellow beards applied over a white base are the perfect accent. It is an exciting parent filled with great potential. Plant habits are strong like Queen's Circle. Sdlg. TW43C: My Ginny X Queen's Circle 3 \$50.00

SCENTED WONDER - TB, 39" (99 cm), Late. For those who have enjoyed the alluring fragrance of 'Paul Black' and want fragrance in their irises, SCENTED WONDER is for you. It has the same lovely perfume and is a gorgeous garden iris with more subtle tones to act as a foil for more bold colors. Standards and styles are palest slate blue with style crests rimmed in tan. Light, slate lavender falls have brassy gold hafts and narrow tan rims. If the flower seems a bit boring, never fear; large, screaming orange-red beards assure SCENTED WONDER won't be overlooked. Myriads of smaller, lightly ruffled flowers are a visual delight. We recommend it for IB breeding. Sdlg. TW180D: Paul Black X Guatemala sib 4 \$50.00

SIMPLY SENSATIONAL - TB, 33" (94 cm), Late. The name says it all, it is SIMPLY SENSATIONAL. Large, tightly formed flowers are heavily ruffled and displayed on strong stalks; no heavenly genuflecting here. Standards are icy lavender white with a slight lavender flush at bases and midribs. Wide, blousy snow white falls have fine greenish texture veins over their centers. Violet-white beards are tipped coral as they descend into the throat. Sdlg. TU62B: Fogbound X Heaven 1 \$50.00

SPIRIT IN THE SKY - TB, 37" (94 cm), Early-Midseason. Heavily ruffled standards are medium sky blue. Very wide, blocky falls are paler sky blue blending to white around big fuzzy white beards that are brushed bright red on their tips from throat to 3/4 out toward tips. Plants are robust with wide, healthy blue-green foliage. Stalks are show-branched. Sdlg. TU70A: Grecian Skies X Fogbound ifc \$50.00

STEEPLES - TB, 34" (86 cm), Late. Standards are pearlescent white tinted palest lavender. Ruffled and flared falls are the same blushed pale rose over hafts and the STEEPLES are hairy lavender horns ascending from coral beards straight to the skies. Growth is strong and coming from these parents, show stalks are the norm. Sweet fragrance. Sdlg. TU34A: Corps De Ballet X Fogbound 5 \$50.00

SUPER MODEL - TB, 40" (102 cm), Late. She has it all, grace, charm, looks, and poise - she's a SUPER MODEL. This SUPER MODEL excels where other heavily laced violet types have failed. When she finishes blooming there is still plenty of increase left. Many visitors to the AIS convention this past year remarked on that trait. Perfectly formed medium lilac flowers are edged in heavy crinkled lace. With all this lace, SUPER MODEL still opens easily. Strong show stalks normally open two well placed flowers at once. Be the first one on your block with your own SUPER MODEL. Hopefully this will be the key to unlock the overbloom problem in this color range. Sdlg. T125B: Recherche X Fancy Stuff 2 \$50.00

EGYPTIAN QUEEN - ABM, 20" (51 cm), Midseason. Very round "onco" looking standards are medium lilac with rosy copper midribs and fine network of veins overall. Large tan-copper styles peer from between them. Colorful falls are rose-copper blended to tan-copper with muted gold hafts. Bright yellow beards terminate in rich, velvety black-cherry signals. EGYPTIAN QUEEN has one branch and three buds produced by healthy, vigorous growth. Very Nice! Sdlg. TU289C: Hot Jazz X Onlooker ibc \$25.00

CLEVER - SDB, 11" (28 cm), Late. CLEVER has a very different, albeit rather subdued, application of the plicata pattern. Instead of the markings being on hafts or around edges, they are washed bands over the central portions of the falls. CLEVER presents some very interesting possibilities for breeding. Form is full and round. Standards are medium yellow gold with styles being more gold. Falls have three bands of color / patterning. Circular areas around big, bright orange beards are medium gold with just a bit of orange blended in. Around this is a small band of muted, mottled, mid charcoal-violet plicata sanding giving way to a wide, muted gold band. If you're one of the smart ones, you'll be CLEVER and use this one for breeding new and unusual colors and patterns. Sdlg. TW222B: Marksman X Brush 88 \$18.00

LITTLE SWEDEN - SDB, 11" (28 cm), Midseason. Ruffled light blue standards have fine darker blue veins overall. Wide and strongly flared falls are also light blue with very diffuse darker mottled spots. Darker blue to turquoise texture veins overlay the falls. White beards sit in a nest of short white rays and end in short white stripes. Makes a lovely clump. Sdlg. TU328B: Wise X Seafire sib 88 \$18.00

LOONEY - SDB, 14" (36 cm), Late. LOONEY is one unique character. Dark rose-wine standards are washed dark

brass around their margins and lower portion of midribs. Wide gold contrasted styles push out from between the standards. Pumila spot plicata falls are difficult to describe. Hafts around beards are gold dotted caramel. Below these are washed dark rose-wine spots. Wide bands of brassy caramel are narrower at hafts; becoming wider midway and narrower again at bottom edge of falls. Large old gold beards add a slight calming effect to all this chaos. Form is very wide, round and ruffled. Breeding potential here is unlimited. Sdlg. TW225A: Mochaccino X Brush 88 \$18.00

YAHTZEE - SDB, 10" (25 cm), Midseason. Getting beards as big (really big), bright and saturated as the ones on Yahtzee is far less likely to occur than rolling the same number on all five dice that it takes to get a YAHTZEE. Well formed flowers are full, bright yellow with an orangeish haze over the center of the falls. Gigantic beards are completely saturated, screaming red-orange. This beard would be at home on most tall bearded irises. Sdlg. TU300A: Morning's Blush X Marksman 1bc \$18.00

2006 IRIS INTRODUCTIONS by Paul Black

BAJA BOYS - TB, 38" (97 cm), Midseason-Late. The Baja surf is up and all the surfer guys head out in quest of the perfect wave. BAJA BOYS embodies that perfect wave with rolling ruffles around standards and falls. Standards are medium blue with a violet tint which is repeated in narrow rims around lovely rosy violet falls. BAJA BOYS is being used heavily in breeding to create a flower with blue standards and bands around pink falls. Stalks are tall and well branched with ample buds as would be expected from its parent Goldkist. Sdlg. K126A: Zepherina X Goldkist 3 \$50.00

COMPASSIONATE - TB, 37" (94 cm), Midseason-Late. What a delicious sight COMPASSIONATE is. Very round and classically formed flowers are ruffled and lightly laced. For the color, take a little mango, a little apricot, a little cantaloupe, and blend them together. Now blush the center of the standards pink and edge all the petals in slightly darker gold lace. Orange beards enliven these other more mellow colors. Growth is clean and robust. Super branched show stalks are the norm. The parentage suggests it should be a very interesting parent. Sdlg. J17A: Cinnamon Sun X Tropical Magic 1fc \$50.00

FACE OF AN ANGEL - TB, 37" (94 cm), Midseason-Late. Pristine and flawless are two adjectives that come to mind when describing FACE OF AN ANGEL. Softly ruffled flowers have clean icy light blue standards. Crisp white falls are strongly flared. A stalk of FACE OF AN ANGEL with three open blooms is definitely a heavenly vision. Sdlg. K91C: Quite the Reverse X All Silent 3 \$50.00

GUILT FREE SAMPLE - TB, 37" (94 cm), Midseason-Late. Feel no guilt when you pick some of these pretty flowers to bring inside. With strong growth, super branched stalks and buds, there'll be plenty more to enjoy in the garden. Lacy light peach styles peer from between lacy baby ribbon pink standards. Hafts of the lacy milk-white falls are blushed peach and topped with bright red-orange beards. Request your GUILT FREE SAMPLE now. Sdlg. K41C: Happenstance X Petite Princess 24 BONUS

HAPPY HUGS - TB, 38" (97 cm), Midseason Late. Don't let the huggable, cheerful nature of HAPPY HUGS mislead you. It is a tough and vigorous grower, producing strong show stalks. Standards are shimmering white with centers lightly brushed yellow. White falls are widely banded medium yellow and hafts are slightly darker yellow. Yellow texture veins around yellow beards become yellow-green as they descend over the falls. Flowers are very full and round. HAPPY HUGS will make a welcome addition to your garden. Sdlg. L43B: Overjoyed X Cameo Appearance 3 \$50.00

I LOVE A PARADE - TB, 36" (91 cm), Early-Midseason. Don't you just love a parade with all the wild and zany costumes? I LOVE A PARADE has no trouble being noticed by the onlookers. Standards are icy blue-white with midribs tinted violet. Falls are a boisterous medley of color. Elongated hafts are brownish tan blending to khaki closer to bright orange beards. Sanded warm white veins also run beside the beards. The hafts blend to medium lavender progressing down the falls and terminating with medium plum bands around margins. Orange beards bleed down onto the fall leaving a tangerine-peach center stripe. Both standards and falls are ruffled and lightly laced. Vigorous plants produce show branched stalks. Sdlg. J73A: Notorious X Mountain View sib 2 \$50.00

JUST KISS ME - TB, 37" (94 cm), Midseason-Late. There she is all soft and pink and pretty with gentle ruffles

around her gown. What do you want to say to her? "JUST KISS ME", of course. Standards are light peachy pink as are wide blended bands around white falls. Greenish pink texture veins radiate over the falls from tangerine beards. JUST KISS ME is a strong grower and comes from breeding created to hopefully overcome some of the poor plant habits associated with current pinks. Show stalks have 3 branches and 7-10 buds. Sdlg. K16A: Coral Dreams X Pioneer Woman 1 \$50.00

LUXURY RUFFLES - TB, 34" (86 cm), Early-Midseason. The standards of LUXURY RUFFLES are clear pale blue-white and falls medium violet-blue. So, what sets this one apart from others of similar color? Yes, the ruffles - no plain Jane here. Each petal has an abundance of ruffles while still maintaining a very clean, classic form. Strong, shorter, well-branched stalks will be of benefit in those areas with strong winds during bloom time. Sdlg. L32A: Mandela X sib to Cameo Appearance 2 \$50.00

MONEY IN YOUR POCKET - TB, 44" (112 cm), Midseason-Late. MONEY IN YOUR POCKET is a top-notch garden iris that visually makes a very satisfying clump. Many visitors attending the 2006 Portland AIS convention added it to their must have list. Flowers are medium cornflower blue with white areas around beards sanded with blue rays. Falls are darker in centers blending to blue-white margins thus giving great depth and dimension to them. Superb show stalks grow from strong healthy plants. You can buy MONEY IN YOUR POCKET singly or as part of the "Money In Your Pocket" collection (See page 6 for offer). Sdlg. K146A: Walking On Air X Walking On Air sib) 4 \$50.00

NECTAR OF THE GODS - TB, 38" (97 cm), Midseason-Late. Come, drink heavily, and be intoxicated by the sweet ambrosia enjoyed by the gods. Tall, well branched stalks carry an abundance of smaller, ruffled and lightly laced flowers. Standards are yummy blendings of apricot and butterscotch. Strongly flared falls are rich yellow-gold with amber gold hafts. Big orange beards are the crowning touch. It is being used for BB and tet MTB breeding. Sdlg. K18A: Cordoba X (Goldkist x Taunt) 5 \$50.00

OH SO YUMMY - TB, 36" (91 cm), Midseason. I've always loved the various shadings of yellows and oranges in irises, maybe because they seem so delectable. OH SO YUMMY is one of those delicious irises. Standards have rich medium peach-pink centers blending to apricot margins. Falls are slightly lighter apricot with darker hafts covered with fine white etchings. Ruffles and light lace make OH SO YUMMY a visual delight. Strong show stalks. Sdlg. K122A: Vibrant X Throb 24 BONUS

OKLAHOMA CENTENNIAL - TB, 42" (107 cm), Midseason-Late. I am excited that my home state is celebrating 100 years since achieving statehood in 1907. I feel honored that the Oklahoma Centennial Commission asked if I would name an iris OKLAHOMA CENTENNIAL as part of that celebration. I am proud to do so and equally proud of OKLAHOMA CENTENNIAL as it embodies quality in every aspect. Growth is rugged and increase abundant. Show stalks have 10-12 buds and large flowers have classic form with tight ruffling and lace. Standards are medium to dark lilac-purple with a fine network of blue texture veining. Falls are medium violet-blue blending to lilac-purple and etched with darker texture veins. Tangerine beards end in light violet. Sdlg. J437A: Indigo Princess X Mountain View ifc \$50.00

OUT OF THE DARK - TB, 40" (102 cm), Midseason-Late. This introduction is from work started several generations ago using Pretty Pansy, an old Sass luminata, to create a line of strong pink ground plicatas. While OUT OF THE DARK isn't pink, it does have apricot-buff ground and is one step closer to my goal in that it is a strong grower with plenty of tangerine genes in its heritage. The apricot-buff ground color is almost completely washed purple in the standards. The falls have wide sanded and dotted plicata bands and center stripes of dark beetroot. Beards are smoldering burnt orange and are surrounded by white lumi-plic patches sanded dark wine. OUT OF THE DARK is quite tall for this type plicata and blooms later, thus avoiding damage from late frosts. Thanks to Wolfgang Koehl in Germany for the great name. Sdlg. L81B: Tangled Web X (Key to Success sib x Key to Success) 5 \$50.00

SOME LIKE IT HOT - TB, 32" (81 cm), Midseason-Late. If you like hot, sizzling, vivid colors, then SOME LIKE IT HOT is for you. It positively glows. Even with its shorter stature, it will still attract a long line of admirers. Standards are dark, rich apricot heavily infused rose up their midribs. Strongly flared falls are velvety black-cherry with precise 1/8 inch bands of iridescent red. Burnt orange beards complement both standards and falls. Heavily ruffled flowers are wide and blocky giving them a very masculine feeling. Sdlg. L104A: (Apricot Topping x Romantic Evening) X Sopra il Vulcano 3 \$50.00

STRUT YOUR STUFF - TB, 38" (97 cm), Midseason-Late. STRUT YOUR STUFF is without doubt a leader full of

charisma and potential. It is being used heavily in my quest to create a flower with pink standards and pink bands around blue falls. Standards and wide, precise bands around falls are dutch chocolate with some plum thrown in. The remainder of the fall is medium lavender-violet. Beards are violet-blue. Stalks are tall with show branching. Growth is healthy with plenty of increase. Enjoy its uniqueness. Sdlg. L129A: In Living Color sib X (Tropical Magic x (Blush Of Color x Taunt)) 1 \$50.00

SUNSET SILHOUETTE - TB, 36" (91 cm), Midseason-Late. Watch as the bright yellow sun descends toward the multi-hued colors of the sky in its journey to the horizon. What a colorful display it creates. Standards are bright, sunny yellow becoming yellow-gold silhouettes on fall hafts. Fall centers are lavender blending to softer rosy mauve tones. Each flower shimmers with diamond dusted elegance. Beards are fully saturated deep golden yellow. Smaller flowers are born in abundance on evenly spaced show stalks. SUNSET SILHOUETTE is a favorite because of its clean growth and great clump appeal. Sdlg. L146B: Bold Encounter sib X (Dude Ranch x Quito) 3 \$50.00

THUNDERING OVATION - TB, 40" (102 cm), Early-Midseason. THUNDERING OVATION is another selection from my hardy plicata program. Wild Jasmine has proven to be an extremely interesting and useful parent. THUNDERING OVATION receives these genes from both pollen and pod parents, Time Will Tell and Dream of Gold. Standards and styles are pristine white with subtle gold tan rims around laced edges. White upper half of the falls is veined and sanded rosy violet to plum. The lower half of the falls is tan sanded and washed plum, becoming heavier toward edges. A narrow white rim circles part of the fall and becomes white plicata dots and hooks around the lower edges. This unusual creation is hard to describe. Just have a look at the picture. Beards are clean medium yellow. THUNDERING OVATION will draw rounds of applause for all its unique qualities. Take a look at its sibling, Wonders Never Cease. Sdlg. L83C: Time Will Tell X (Dream of Gold x Epicenter) fc \$50.00

WONDERS NEVER CEASE - TB, 40" (102 cm), Early-Midseason. Check out this fantastic sibling to Thundering Ovation. In written description they sound similar but in fact they are so very different. Standards are cream narrowly edged in soft gold lace. Very fine greenish gold veins radiate up and out from the midribs. The upper third of the fall is white covered with a fine network of wine sanded and dotted veins. The lower two-thirds is medium yellow-gold with veins becoming darker brick red, then heavier brick red wash. This terminates in a startling quarter inch pie-crust ruffled band encircling the falls. This is one of my favorite flowers. Placement of the flowers is a bit unusual. Well-spaced branches tend to elongate too much causing the flowers to end up on a diagonal plane toward the top of the stalks. You definitely won't mistake WONDERS NEVER CEASE for any other iris. Each year it has been a joy to see. Sdlg. L83B: Time Will Tell X (Dream of Gold x Epicenter) 4 \$50.00

BUNDLE OF LOVE - BB, 26" (66 cm), Early-Midseason. If I could choose only one iris to buy this year, it would be BUNDLE OF LOVE. It comes very close to my idea of a perfect garden iris and judging by its offspring, it is going to be a very important and productive parent. The name was inspired by my little long-haired dachshund, Cher - definitely a BUNDLE OF LOVE. Peach-pink standards are narrowly banded in gold. Styles are rich peach. Falls are white around tangerine beards blending to ivory and a bit darker toward margins. Hafts are blushed peach and narrow gold rims circle the very wide and round falls. Falls are also overlaid with fine, pale green-gold texture veins. Everything is perfectly proportioned for a border bearded. One of the most important traits is the smaller, refined foliage that is well beneath all the flowers. As a parent it has given seedlings that range from very short BBs and IBs to taller ones and even some TBs. BUNDLE OF LOVE allows the expression of other colors and patterns over its more pastel palette. Vigorous growth creates clumps full of show stalks carrying 10-14 buds. A pot of BUNDLE OF LOVE auctioned by the Median Iris Society at the 2006 AIS convention brought an amazing \$150.00. Thank you Jean Morris for your support of MIS. Hopefully having this genetic material to work with a year in advance will be worth the price. Sdlg. L185B: (Procession x (Abridged Version x ((Centerfold x Wings Of Dreams) x Birthday Gift))) X Dolce ibc \$35.00

ALBERTA CLIPPER - IB, 27" (69 cm), Midseason-Late. A cold, icy wind moves rapidly out of the Canadian plains and brings with it some snow, maybe a lot of snow and you've got an ALBERTA CLIPPER. This IB derived from the aphylla species and mixed chromosome breeding is a delight in every way. Well formed and ruffled icy

blue-white flowers are carried on statuesque stalks with 3 branches and 8-11 buds. Slightly darker blue sanding and veining over the hafts hints at its plicata heritage. ALBERTA CLIPPER creates a spectacular display in an established clump as well as fantastic stalks for a show. It is breeding a wide range of BBs and IBs. Sdlg. K297A: ((Echo Pond x (Gentle Air x Chubby Cheeks sib)) x P.Black unknown tet MTB) X (Sinister Desire x Delicate Image) ibc \$22.50

CASHMERE ROSE - IB, 24" (61 cm), Early-Midseason. CASHMERE ROSE has such delightfully colorful flowers. Peachy apricot standards are completely washed rosy mauve except narrow bands of peachy apricot around margins. Pale peach falls have wide washed plicata bands of rose blending upward to rosy lilac and darker plicata stripes down the centers. Hafts have heavy, dark oxblood plicata wash turning to veins alongside vivid orange beards. Strong growth and many stalks make it a great garden iris that attracts much attention. Sdlg. K260A: Hot Jazz X Film Festival ibc \$22.50

FORGED IN FIRE - IB, 25" (63 cm), Midseason. Deep from the heart of the furnace emerges this glowing creation. Medium beetroot standards have a network of darker veins. Styles are rosy beetroot. Dark, velvety wine-red falls lighten toward edges and are set off with white darts at the ends of bright orange beards. Wide, classically formed flowers are ruffled and lightly laced. Growth is strong and it produces many stalks per clump. Sdlg. L197A: Folk Art X Ocelot ibc \$22.50

GOOD TO GO - IB, 25" (63 cm), Midseason-Late. Here's another in the series of very fertile, aphylla derived IBs. This one has exceptional potential to give exciting colors and patterns in IB, BB, and TB classes. Stalks have three branches and 8-10 buds. Standards are medium orchid pink blending paler toward margins and rimmed in gilt tan-gold. Styles are an unusual apricot peach adding a nice contrast to the more pastel flowers. Falls are medium orchid blending much paler toward margins and then edged in gilt tan-gold. Darker plum texture veins fan out over the falls. Hafts are mottled and washed darker orchid showing the plicata heritage. Makes a lovely, clean clump. Sdlg. K257A: Flights Of Fancy X ((Northern Jewel x pod parent of Dolce) x (Contemporary Art x Flights Of Fancy)) ibc \$22.50

ROSYROMANCE - IB, 25" (63 cm), Midseason. Everything is looking very rosy for this romantic interlude. Perfectly formed flowers have creamy butter ground with standards completely washed mauve-rose and webbed with fine darker veins around the outer two-thirds. Falls have wide mauve-rose washed plicata bands becoming dots toward the interior. There is also a speckled line down the center of the falls. Bright orange beards over a yellow base make a cheerful complement. All petals are adorned with very controlled ruffles. Sdlg. K285A: (Tweety Bird x Hot Jazz) X Fancy Dress ibc \$22.50

SILVERBERRY - IB, 25" (63 cm), Midseason-Late. SILVERBERRY sparkles like the reflection of the sky on ice. It is very similar to Alberta Clipper in performance & breeding but is much more tailored. Standards are very pale, icy lavender. Falls are darker blending to pale lavender margins and darker plicata mottled hafts. Beards are medium yellow over white bases. Nice parent. Sdlg. K295A: ((Echo Pond x (Gentle Air x Chubby Cheeks sib)) x P.Black unknown tet MTB) X Fancy Woman ibc \$22.50

ALAMO JOE - SDB, 14" (36 cm), Midseason-Late. The colors of ALAMO JOE are unusual but what really sets it apart are the white beards; the coonskin caps made from rare white racoons. Standards are medium mauve as are wide, blended bands around brick red falls. White beards beneath pinkish mauve styles make Alamo Joe an interesting character. Clumps of ALAMO JOE make a wonderful show. Sdlg. L322B: (Hot Jazz x (Tweety Bird x Black 91280A - involved)) X Glamour Cat 88 \$18.00

BAMBOOZLE - SDB, 12" (30 cm), Early-Midseason. The combination of the plicata pattern and pumila spot create exciting new patterns like BAMBOOZLE - pumila spot plicatas if you will. These colorful creations have been slowly evolving and are now ready to explode into mainstream breeding. Standards are pink heavily tinted lilac. Styles are clear pink. Falls are light pink to cream around bright orange beards. Elongated hafts are mauve overlaid with brown veins. The lower two-thirds have wide lilac plicata bands with their centers covered with lilac lines and dots and narrowly banded mauve-pink. Clumps of BAMBOOZLE are unmistakable and smaller flowers are so cute. Fantastic breeding potential. Sdlg. K339A: Stormy Circle X ((Tweety Bird x Hot Jazz) x Voices) 88 \$18.00

BOMBAY SAPPHIRE - SDB, 13" (33 cm), Early-Midseason. I have worked many generations since the debut of Tu Tu Turquoise to obtain that same turquoise color but with better shaped flowers and more vigorous growth. BOMBAY SAPPHIRE is very close to that goal. The road to that goal presented many challenges including

seedlings with only one or two buds. BOMBAY SAPPHIRE has three. Tightly formed flowers are sky blue tinted turquoise. Falls have large turquoise spots that lighten toward edges. Beards are sky blue. Sdlg. L214A: Near Myth X (Toy Boat x Tu Tu Turquoise) 88 \$18.00

BY CANDLELIGHT - SDB, 15" (38 cm), Midseason-Late. Come and sit for a little bit and enjoy the moment BY CANDLELIGHT. Soft, pastel yellow flowers have slightly darker hafts and small diffuse white patches around bright orange beards. The entire flower glistens with diamond dusted brilliance. Given the presence of IB heritage on both sides, BY CANDLELIGHT may push out of class in some gardens. Makes a very pretty clump. Sdlg. K266A: Santa's Helper X Fires of Fiji sib) 88 \$18.00

CELEBRATE - SDB, 15" (38 cm), Midseason-Late. After this many generations of breeding, I'm ready to CELEBRATE! CELEBRATE has great eye appeal. Standards are medium silvery orchid with grape-purple plicata bands that have darker stitching and darker purple midribs. Falls are white washed light silvery lilac and banded iridescent red-grape which in turn has the same color stitching and some dotting inside it. Beards are very distinctive with 3 layers of color. The base is white layered with violet and then brown-black on top. CELEBRATE may be hard to describe but it is lovely to look at. Makes a stunning and colorful clump. Great parent. Sdlg. L332A: (((Tweety Bird x (Well Suited x Imagette)) x Pele) x (((Eyebright x Mister Roberts) x Unknown - Forte?) x Time To Shine sib)) x (Wild Hair x (((Apricot Elf x Pet) x (Caesura x (Betsy Boo x (Antique Satin x Encanto))) x (Gigglepot x Oriental Blush))) x ((Apricot Elf x (Melon Honey x Unknown)) x ((Buckwheat Honey x Sundance Kid) x sib) x (Pulse Rate x Mister Roberts)))) x Chanted))) X (Wild Hair x (((Apricot Elf x Pet) x (Caesura x (Betsy Boo x (Antique Satin x Encanto))) x (Gigglepot x Oriental Blush))) x ((Apricot Elf x (Melon Honey x unknown)) x ((Buckwheat Honey x Sundance Kid) x sib) x (Pulse Rate x Mister Roberts)))) x Chanted)) 88 \$18.00

NINE LIVES - SDB, 14" (36 cm), Midseason-Late. With as many times as poor Puddy Tat was bashed by Tweety Bird, it is a good thing he had NINE LIVES. With myriads of bloom stalks, NINE LIVES will give a long lived performance. White standards have greenish gold veins up midribs and pale tan bands along top edges. Styles are yellow cream. Very round, ruffled black-cherry falls have very distinct 3/16 inch white bands and short white darts along and at ends of beards. Big, thick, chenille beards are white with tips brushed yellow gold. NINE LIVES makes a startling clump that you won't walk past without noticing. It is an exciting parent. Sdlg. K344A: Puddy Tat X Puddy Tat sib 88 \$18.00

SHORT VERSE - SDB, 15" (38 cm), Midseason-Late. It doesn't have to be long and drawn out to be good, a SHORT VERSE will do. SHORT VERSE is a lovely, very subtle minimal plicata. Standards are warm salmon pink. Gold styles add a bit of dimension. Salmon cream falls blend darker toward edges, and hafts are brushed and speckled with medium cinnamon plicata marks. Bright orange beards set the clumps afire. Use it with darker marked plicatas for dramatic colors and patterns. Sdlg. L225B: Gaily Forward X ((Tweety Bird x Spin Again yelo sib) x ((Wake Up sib x Tricks) x (Broken Halo sib x Tricks)) x (Sweet Bite x (Tweety Bird x Spin Again yelo sib))) ibc \$18.00

STROKE OF BRILLIANCE - SDB, 14" (36 cm), Early-Midseason. STROKE OF BRILLIANCE is right at the top of the list of five star irises. What an amazingly bright clump it makes. Standards are orange juice orange and styles slightly darker orange. Falls are tan with very wide amber-gold plicata bands that become almost solid over the hafts leaving a very small patch of tan ground color that is speckled taupe. The real STROKE OF BRILLIANCE is the fully saturated, big, thick, chenille beards that are screaming red-orange. For those breeding space-agers, there are ridges at the ends of the beards. Here's another SDB you won't confuse with any other. It is an awesome parent giving a wide range of colors and patterns. Sdlg. L350A: Pookie X Pussycat Pink sib 88 \$18.00

ZOOBOOMAFOO - SDB 14" (36 cm), Midseason-Late. The zoo is full of all kinds of wildly colored birds and where better to get a glimpse of one of them than on the PBS kids show ZOOBOOMAFOO. Still don't know what it is? Do an internet search and see where it leads. ZOOBOOMAFOO standards are clear medium yellow with interesting burgundy veins low inside. Round and ruffled paler yellow falls are veined and washed dark burgundy to within about 1/4 inch of the edge leaving yellow bands. Now add an exotic touch of bright orange beards. Sdlg. L263A: Fingertips X Marksman 88 \$18.00

BADGE - MDB, 6" (15 cm), Early-Midseason. BADGE is very simple and simply pretty. Diminutive flowers are diamond dusted sparkling white. Beards are soft lavender ending with a dash of white. Perfect for an intimate setting. Sdlg. I336A: Dancing Bunnies sib X (Shy Violet x Sigh) ibc \$18.00

STRIPE THREE - MDB, 7" (18 cm), Midseason. In this game; it's one, two, three stripes and you're in. Standards are butter almost completely covered with dark wine plicata wash and marks. Very round and ruffled falls are mid yellow with wide wine-purple mottled, lined, & dotted plicata bands. Wine black lines run alongside old gold beards and one runs from end of beards the length of the falls. What a cutie it is although a bit slow of growth. Sdlg. H225A: Chubby Cheeks X Frugal ibc \$18.00

<http://www.mid-america-garden.com>

GIFT CERTIFICATES - Certificates are available in \$5.00 increments starting with \$25.00 minimum. Please designate whether the certificate and copy of our catalog is to be sent to you or the gift recipient. Plants will be mailed at the proper time. Many clubs have found these to be terrific door and show prizes.

CLUB ORDERS - Available to U.S. garden clubs only. No individual orders accepted. Orders must be accompanied by a garden club check - no personal checks or credit cards. This is an excellent way for societies to help update their members' iris collections. Send any amount of money (MINIMUM ORDER \$50.00) and we will send you 3 to 4 times that amount in iris. SHIPPING COSTS are 20% of the amount ordered. These are mature, full sized plants, not little dinky leftovers. Please tell us the date you want them and whether you prefer the newest varieties, not quite so new, or a mix of both. At these prices, we are not able to send older/minimally priced varieties. Median club orders will be chosen mostly from Mid-America Garden 2006 and 2007 introductions. Varieties we send must be of our choosing. We will not send varieties we consider inferior and that you wouldn't want to grow. No club orders shipped before July 10.

TALL BEARDED IRIS

Characterized by large, showy blooms on well branched stalks 28" and taller.
