

To CUP RACE goes the Nelson Award for being judged the Queen of Show the greatest number of times. This white iris reigned regally over five shows. A three-way tie for second place resulted when DAWN CANDLE, DEBBY RAIRDON, and STEPPING OUT each was selected as Best Specimen in three shows. This is the first time a non-tall bearded iris, the spuria DAWN CANDLE, has been among the top contenders. Specie irises were crowned as Queens in three shows.

Exhibition Certificates were awarded to 116 irises entered in the seedling classes in accredited shows.

Although dual shows have been staged simultaneously in past years as when both a tall bearded and a non-tall bearded show, each meeting all the requirements for an accredited show, were presented in the same location, this year the Washington Iris Club of Missouri presented a Youth Show as a separate entity at the same time as the regular show. Again the Huntsville (Alabama) Junior Iris Club staged its own show. For this year's show a unique location was chosen: a convalescent hospital where the beauty of their gardens was brought for the pleasure of the patients as well as for visitors and staff.

In order to assure the recognition of award winning exhibitors by being included in this permanent record the following advice is repeated:

1. Be sure to send your show schedule to the exhibition chairman prior to the show.
2. Order show supplies and show report forms at least one month before the show from the St. Louis office.
3. Send completed show report to exhibition chairman and to your RVP August 1st.
4. Order medals when you send the show report.
