Additional Guest Irises for Atlanta

The members of Region 5 wish to thank the contributors and hybridizers who have sent irises for the 1992 National Convention in Atlanta, Georgia. Approximately 1070 varieties have been received.

With thirteen gardens now on tour for this convention, there is still plenty of space available for additional bearded irises. In order to assure a good display in 1992, please send bloom-sized rhizomes in quantities up to 6 per variety for planting in pairs in each tour garden. Please do not send duplicates of what was sent last year. These rhizomes will be accepted between March 15, 1991 and September 30, 1991.

Refer to page 17 of the April 1900 AIS Bulletin for labeling information and rules. Please note the following clarification of guideline #9 "Unless otherwise directed, only 10 rhizomes of each variety will be returned postpaid, except to foreign addresses. Any additional rhizomes will either be destroyed or returned C.O.D. as instructed by the contributor on the disposal form."
