The Tulsa Area Iris Society and Historic Irises

by Paul Gossett, Oklahoma

The Tulsa Area Iris Society has had an Historic Section for many years but, what was so unusual this year was the number of entries in the section. We had overall 6 exhibitors with 20 entries and 19 varieties/cultivars in our second show on Mother's Day weekend, May 7 & 8, 2005.

TAIS divides the section into three parts, but there is only one section winner awarded. This year they were divided as follows.

S-1 Heirloom Historic (Iris dating from 1500 through 1923)

S-2 Antique Historic (Iris dating from 1924 through 1953)

S-3 Classic Historic (Iris dating from 1954 through 1975)

You will also see historic irises in the Tall Bearded Section of the show but, the last several years we have been encouraging our members to show the historic irises in the Historic Section.

Also interesting is seeing how fast the historic irises sell at our sales. We place pictures, if we have them, in front of the rhizomes as we do with the other irises but, the historic irises seem to sale out every year.

The Tulsa Area Iris Society has been a member of the Historic Iris Preservation Society (HIPS) for about 10 years.
